## GUIDELINES FOR PARENTS REGARDING THE RISK OF BLUE WHALE CHALANGE GAME

Parents as you all are aware that blue whale challenge games is in limelight due to drawbacks of this particular game, school wants to draw your attention towards the risk factors involved in playing this game.

What is **BLUE WHALE CHALANGE GAME**?

**BLUE WHALE CHALANGE GAME** is a controversial internet game in which a series of tasks are given to player for a period of 50 days with a final challenge to commit suicide, after that player is asked to share his photos after finishing the different levels of the game as a proof. The game is spread via links on social media platform.

Government of Rajasthan passes an advisory to counsel students about the risk of **BLUE WHALE CHALANGE GAME**. Few guidelines are as follows:-

Ask your child what they are doing online. It's important for you to understand what websites, apps, and social media platform they are on.

Parents you need to keep talking and take interest in your child's activities.

Have regular conversation with your children about the risks of this game.

Monitor their digital behavior and keep an eye on internet activity of your ward. In case any abnormal behavior is noticed then consult the doctor and tell the school authority.

Try to avoid giving them laptop and cell phones, if it is not necessary.

**School Management appeals the parents and all concerned individuals to keep a close watch on their ward's activities. Dear Parents your ward's life is precious and we are concerned of our students. Therefore, we appeal you to kindly keep a track of your wards internet activities to avoid all sports of risk involved in online activity. Date:**

**09.09.2017**

Regards

CHAIRMAN
