

APCD WITNESS LIST

Amended November 7, 2017

Larry Allen: APCD, Air Pollution Control Officer.

Mr. Allen will testify on the history and nature of the ODSVRA dust issue, efforts to date to resolve the issue, and other information relative to the Nuisance Violation issued to State Parks OHMVR by APCD.

Dora Drexler: APCD, Engineering and Compliance Division Supervisor.

Ms. Drexler will testify on the history and nature of complaints received regarding dust impacts from the ODSVRA, as well APCD policies and procedures on how complaints are documented and handled.

Karl Tupper: APCD, Air Quality Monitoring Specialist.

Mr. Tupper will testify on the air quality monitoring and data analyses performed by APCD for the air monitoring sites located downwind of the ODSVRA, as well as other technical and scientific information relative to issue.

Mel Zeldin: Environmental Consultant and nationally recognized expert in the field of air program management, air quality data analysis, and air monitoring programs. Mr. Zeldin will provide testimony on the effectiveness of State Parks' dust control efforts to date, as well as other technical and scientific information relative to issue.

Dr. Penny Borenstein: San Luis Obispo County Public Health Officer. Ms. Borenstein will testify on the public health impacts of particulate pollution, and other associated information relative to the issue.

Mr. Ted Shade: Retired Air Pollution Control Officer for the Great Basin Unified Air Pollution Control District (GBUAPCD). Mr. Shade will testify on the GBUAPCD efforts to reduce dust emissions impacting air quality in his jurisdiction, as well as other technical and scientific information relative to issue.
