Subject: Oceano SVRA
Date: Monday, March 19, 2018 7:50:50 AM

What percentage of the dust is coming from SVRA? Investigate the validity of silica coming from the SVRA and what impact does the marine biological material coming from the ocean have on all the air monitoring data? Oceano SVRA is a great place, the beach the atmosphere. Just everything about it. Daily trips and vacations.

Thanks,
