Subject: Why would you do this????
Date: Tuesday, March 20, 2018 5:07:10 PM

You are ruining such a wonderful place! I never got to enjoy the dunes my brothers and sisters did back in the day. It makes me sad to hear the stories of all the fun times they had as kids. You have taken more and more away just in the 20 years I have been able to enjoy the little of the dunes that have been available to me over the years and now you are taking MORE! You are only making the Oceano dunes a dangerous place!!!! The dust that is being complained about is from the wind and has nothing to do with the ATV's and people riding on the dunes. I have camped on the dunes with no one around and was unable to enjoy the beach because of the blowing sand from the wind. It is STUPID to allow people that move to the area complain about blowing sand when you live at the beach. Stop ruining the dunes and making it so dangerous that no one can safely enjoy the area.

I no longer ride my ATV's on the dunes because it is too dangerous to have so many people riding ATV's in such a small area. By making it smaller, you make it to where I will visit other beaches. Why drive to Pismo and spend my money when I can drive to their beaches that offer so much more. Yes, I no longer ride my ATV's but we do drive our vehicles on the dunes. Pismo/ Oceano as a whole...only draw my family and friends for the DUNES. Make it so small that its no longer worth driving on then I can drive else where. Good luck to your little beach towns with out the income that the dunes bring to you. It will die! It will just be another bathroom stop on the way to bigger and better beaches!
