Subject: Clean Air on the Nipomo Mesa
Date: Wednesday, April 25, 2018 7:37:38 AM

Ms. Rohan:

I have lived on the Nipomo Mesa for the past 8 years and suffer from reduced lung capacity due to air pollution from the ORV State Park Dunes. I find it hard to believe that the ACPD is unable to correct this problem!

1. We deserve clean air now.
2. The proposed abatement order is essentially the same as the previous one which is woefully deficient and unsatisfactory.
3. The Hearing Board needs to act to provide immediate relief to the residents of the Mesa. A significant reduction should be required up front, not employed piecemeal over five years. We have been waiting for eight years and enough is enough.
4. The Hearing Board should direct the immediate closing of the most emissive 200 acres now.
5. The Hearing Board should order that the 200 acres be fully vegetated by September 1, 2018.
6. The Hearing Board should order the restoration of a fully vegetated berm area by September 1, 2018.
7. The Hearing Board should measure the results and if 200 acres doesn't reduce the pollution level by 50%, then order the closing of another 100 acres by April 1, 2019.
8. The Hearing Board should stipulate fines for non-performance.

Please fix this problem now! Thank you.
