

ELAINE

Administrative Assistant

Elaine has a background in writing and editing and has over 10 years of experience in public speaking as a tour guide, a wedding officiant and a stand-up comedian. Currently, she is the producer and host of a paranormal comedy podcast that's been on for four years. She likes spending time reading books, going on road trips, traveling and spending time with her husband, Brad, her two girls, Maddy and Loraine and her dog, Teddy.

CHARLIE

Air Quality Specialist
Engineering & Compliance

Charlie is a SLO native that received a B.S. in Chemistry with a Minor in Renewable Energy from the University of Nevada, Reno. He spent several years as a safety and compliance professional after attending the Naval Nuclear Propulsion Program for Radiological Controls. This led him to providing oversight of nuclear maintenance on Naval warships before he took his skillset to Lawrence Berkeley National Laboratory where he continued to uphold federal regulations regarding occupational radiation exposure. Prior to becoming a working professional, he spent over a decade in South Lake Tahoe; snowboarding, mountain biking, and studying emergency medicine.

SARAH

Engineering & Compliance Intern

Sarah is an Environmental Engineering student at Cal Poly, SLO and we are excited for her to join our team! She is expected to graduate in June of 2024 and she wants to travel and do environmental research. Sarah loves arts and crafts, listening to music and being outdoors with her friends & family!

CREATE A CLEAN AIR ROOM IN YOUR HOME

Awareness is the key to protecting your health - especially during wildfire smoke events. Before potential wildfires come this summer, prepare your home. Create a defensible space around your home and set up a "Clean Room" to protect yourself and your family from the harmful effects of smoke. We have many helpful tips & resources on our website. Visit us today at: SLOCleanAir.org/air-quality/wildfire

SPRING EVENTS

We were excited to be out and about this spring. Dana Adobe NatureFest in Nipomo on April 15, and Earth Day Celebration at Laguna Lake in San Luis Obispo.
