Subject: OCEANO DUNES SVRA
Date: Tuesday, April 17, 2018 4:38:07 PM

Good Afternoon!!

My Name is Christy White, and I have been enjoying the dunes in Oceano / Pismo Beach for all of my life.

Please Keep the Oceano Dunes SVRA open for family enjoyment. Please do not take this away !!! This is the last of the beaches in California that can be driven on and it is a true shame that people are trying to take this away. I truly do not understand how some can claim that the riders in the dunes are creating additional bad air quality, the wind has been blowing sand from the dunes for hundreds of years, much longer than any of us have been around.

- Please give the testing time to show that it is not the riders of the dunes causing the sand blown, but in fact natural weather, and even if the beach is shut down, the sand will continue to blow the same as it does today.

Please do not take away the option for families to enjoy this Beach!!!!
