Alyssa Roslan, Clerk

In regard to the hearing scheduled for April 30, my spouse and I urge the board to say no to the Stipulated Agreement between State Parks, the APCD and the California Air Resources Board.

Any Stipulated Agreement should not be approved without IMMEDIATE relief to the residents of the Mesa. Therefore, a significant reduction should be required up front, not employed piecemeal over five years. We have been waiting for eight years and enough is enough.

We agree with the following well-written article on the subject from Andrew Christie of the Sierra Club.

Thank you,
