**Subject:** Odsvra closure meeting

Hello,

I would like to voice my concerns for the proposed closure of the odsvra. I am an off road enthusiast born and raised in Pismo Beach, as well as a business owner that relies directly on the dunes themselves in order for my business to exist. The dunes have had a very special place in my heart ever since my father took me out in his pickup when i was just a child. Ever since then this has been my happy place. Whether it be a day ripping around on the atv or simply watching the sunset next to a camp fire with friends and family. Pleasure aside, the dunes also bring a massive amount of income to the central coast. As the general manager of a local restaurant this will undoubtedly translate to a substantial loss in income in an already staggering industry. This loss would also be exponentially amplified with the approaching closure of Diablo canyon. Between the two we would have a night and day change for the fate of the central coast as we know it. Please take the well being of the masses into consideration with your decision rather than simply the loudest minority. Thank you for your consideration.
