Subject: URGENT ~ Oceano Dunes SVRA ~ Meeting March 21st, 2018 ~ Please Read
Date: Monday, March 19, 2018 5:56:42 PM

To Whom It May Concern:

We are writing to you to plead our case on why we think areas of the Oceano Dunes SVRA should not be closed down.

First off there needs to be a clear and unbiased investigation of the validity of silica coming from the SVRA. Until clear answers are presented on what impact does the marine biological material coming from the ocean have on all the air monitoring data and more importantly what percentage of dust is coming from the SVRA, Oceano Dunes should remain open. Oceano Dunes provides a beautiful setting for families to reconnect and enjoy being together. Many of our issues we face as a society are directly related to the break down of the family unit. Oceano Dunes helps families spend much needed precious quality time together. Our family is a blended one and we had several issues all six of us had to work through and these issues were quite challenging. Oceano Dunes was and still remains our safe haven where those issues are left behind and we can just enjoy each other. Our entire family has been visiting Oceano Dunes for over 16 years. Our children are now adults and some of there most fondest memories are of Oceano Dunes and the fun we had as a family.

We urge you to please do the right thing and launch an investigation, too many people will be negatively and unfairly affected if you do not.

***You are a role model to people, you gotta make sure you are doing the right thing.....
Stipe Miocic***

Sincerely,

Erik and Heidi Runolfson
