Subject: Comment for APCD hearing board in support of clean air
Date: Sunday, March 18, 2018 5:37:41 PM

Dear Sirs,

With respect to the OHV advocates that point out that riding on the Dunes has been going on before many of those protesting moved here, I would point out that smoking in restaurants and in air planes was popular until we got smarter about the resultant health damage. Furthermore, given that three different studies have indicated a significant reduction in air pollution can be achieved in closing only 200 or 3,600 acre park, I see no reason as to why the State Parks shouldn't proceed with implementing the abatement order. It is time for action, not further experiments.
