Subject: **Keep the dunes open!**

Being born and raised on the central coast the Oceano Dunes have always had a place in my heart. Having family and friends that's don't live locally has always been a struggle to find the "middle place" that everyone is happy about when it came time to plan events or gatherings. Never failed.... this is always the go to place!!! We're talking the past 28 years and more (for me personally). It's something to do for everyone and everyone always comes!! This is such a special and very important place not only for my friends and family but the endless amount of people that it attracts annually! Not only is this place important to me for family but it's also my job. I work on the beach for Steves Atv Rentals and am blessed beyond words. I see the revenue that off roading

vehicles bring to the table and it would be a significant loss to the area if riding areas are permanently closed. Don't take this from those that truly Love and respect the place for what it is.

Thank you for your time,

Kandice Cordova
