---

Please keep the dunes open! Our family takes a yearly vacation with like 15 tents popped up and we do it big. Every year it gets bigger we stay on the beach for a week and just enjoy the fresh air and family time. We leave the beach cleaner than we arrived! We've been doing this for about 10 years now. Our family would be devastated to have to stop. So please take my email into consideration and everyone else we love the dunes!!
