Subject: [EXT]Clean Air and the State Parks appeal.

ATTENTION: This email originated from outside the County's network. Use caution when opening attachments or links.

I am a 78 year old man and I'm worried about the poor air quality on the mesa in Nipomo. I can't believe that State Parks is still fooling around preferring recreational users who mostly come from out of the area to the health of local citizens. Please don't allow State Parks to continue to harm local tax paying citizens.
