**Subject:** Oceano Dunes

I'm writing you to please urge you and your constituents to please fight to keep the Oceano Dunes open. Thousands of families like mine have enjoyed the use of the dunes for decades. Taking away the use of the dunes for the purpose of "air quality" would be criminal to say the least. The weather/wind is the cause of the dust. The findings in question have proven the silica being blamed for the health issues has not been found in the sand from Oceano. Please don't let the dunes be taken away. Thank you for your consideration,

Marcus White
