To whom it may concern,

We are pleading with you not to close down the dunes. We are locals here and have family that live on the Mesa overlooking the dunes and to boot, have breathing issues. If they aren't complaining about the dunes then I don't see why others are? They are trying every tactic to shut it down and really for no GOOD reason. Please don't let them bully you into what will be a devastating effect on our great little community.

Thank you for your time.
