Subject: Oceano Dunes air quality
Date: Monday, March 19, 2018 3:50:50 PM

Hello My name is Robert verbree. I am writing you now because I am highly concerned about the recent Oceano Dunes closures .

I am home owner on the Mesa 677 Camino De unos, number one reason for moving to the Arroyo Grande Mesa was the short drive to the Oceano Dunes, I enjoy the Oceano Dunes almost everyday. The dunes are very small it only takes a couple minutes to travel across and anymore closures would greatly affect my life and my decision to move to this area. Many of my friends, neighbors and family use the Oceano Dunes regularly and I am greatly concerned for my property value loss due to these closures

I have no concerns about air quality living on the Nipomo / Arroyo Grande Mesa I do not believe the air quality is poor, I do not see any sand or particulates in the air and I have no concerns whatsoever about air quality. I have read the air quality reports and I do not believe there is any risk from recreational activity.

I greatly implore you to keep our off-road recreational Oceano Dunes fully open.

Increased closures to the recreational off-road Oceano Dunes would greatly negatively affect my quality of life

Please consider us

Thank you very much
Robert Verbree
