Please quit closing more and more OHV area. These dunes are one of the few great places in this state where you are still able to go to have a great time off road. I have grown up with my father taking me out to the ocean dunes since I was old enough to remember then ones i got my license I continue to go out there any time i had the time/ gas money (didn't have much money in high school). I would really love to be able to share the dunes with my son or daughter when I have one, but at the rate that everyone is working to close this place I don't believe this will happen. Please stop closing more of this land and if you are forced to then we need to open an equal amount of previously closed land in an area that may be deemed less of an environmental impact.

Thank you
Ryan Carr
