## Education Workshops

Here at Amberley Museum we are able to offer a range of educational experiences for children from Reception to College.

Our site covers 36 wonderful acres telling the story of industry and local crafts that have shaped this part of Sussex. Our unique site offers many educational opportunities.

We can provide opportunities for science art and design, PSHE, history, English and maths.

We have printing, transport, electrical and communication exhibits. We have resident potters who are able to offer experiences in clay. We have fire engines and a fire station.

Below are details of our most popular workshops but we are able to be flexible to meet specific needs given enough warning. All our workshops are run by the education Team and knowledgeable volunteers.

**For further details or to discuss your requirements please contact Gail Hart at the Museum office: ([gail.hart@amberleymuseum.co.uk](mailto:gail.hart@amberleymuseum.co.uk)) or 01798 831370 opt 4**

### **Journeys Suitable for Reception/KS1 45 – 60 minutes Max 30 students £30**

Take a whirlwind journey back in time passing through the ages to arrive in the 1920s. Find out about Bus travel in the 1920s and travel on our vintage bus for an unforgettable experience. Hear from the Bus driver what it was like to prepare the bus each morning. At the end there is a chance for a group photograph.

*English – speaking and listening History Design*
