

Weltons Beer Ltd

'Hurricane' 4.1 % Golden, brewed with lager malt with a nice hoppy and lingering bitterness.

'Schooner Blond' 4.6% Yellow blond, hopped with champion Admiral hops, which gives a bitter berry fruit flavour with a crisp finish.

'Hop Burst' 5% Golden IPA, citrus, nice & hoppy

'Hop Burst Extreme' 6.6% Golden IPA, our Hop Burst on steroids!

Available Regular Beers:

'Pridenjoy' 2.8% was described by **Roger Protz** in his '**300 Beers To Try Before You Die**' book "*as a most remarkable beer, a beer that is 2.8% but tastes like 4%*". Rogers taste notes are as follows: "*Using pale, amber, chocolate, Munich and wheat malts with Bramling Cross and Northdown hops. It has a superb aroma of peppery hops, vinous fruit and biscuity malt, with sappy malt, hop resins and ripe fruit dominating the mouth. The long finish is indeed a joy, bitter sweet to start, but ending on a high note of tart fruit and bitter hops*".

'Horsham Pale Ale' 3.7% It's a golden yellow beer, with smooth malt and hops, then a bombardment of aromatic flavours from the American hops. The hops used are Apollo and Zeus, so a nice citrus hit from the Apollo and a hint of pepper spice from the Zeus.

'English Pride' 3.8% A dark amber, fruity and nutty.

'Sussex Pride' 4% copper coloured, malty with a hint of spiced rum aroma.

'Old Cocky' 4.3% We have been brewing this for 21 years. It's a golden beer with a bitter sweet flavour and a long lingering aroma to savour.

'American Graffiti' 4.5% golden IPA, orange citrus, with an orange marmalade finish .

'Old Harry' 5.2% a lovely chestnut red, malty, sweet and nutty flavour.
