The Tomorrow Fund is the ONLY local non-profit organization that provides DAILY financial and emotional support to children with cancer and to their families.

Our resources are available to all patients who are treated in the Pediatric Oncology Program at Hasbro Children's Hospital. So, in fact, kids with cancer can come from anywhere in the world, but must receive treatment through Hasbro.

Widely recognized for the high quality of its oncology treatments and medical services, the Clinic is also noted for its compassionate approach to children and their families.

"We can't say how kids with cancer will grow up . . . we just want to make sure they do!"
