

**Fisher-Klosterman Emtrol is the Leader
 in Product Recovery, Gas Cleaning and
 Particulate Filtration Technology Since 1948**

**FKE offers the most complete line of
 air pollution control products globally!**

- High efficiency, extreme heat (to 2100°F) & pressure (to 900 PSI) cyclones
- Venturi scrubbers
- Packed bed scrubbers
- High temperature quench venturi and gas absorber combined
- ASME design particulate filtration
- Integrated engineering for VOC abatement – RTO

If it's particulate/gas removal...it's FKE!

Venturi Scrubber

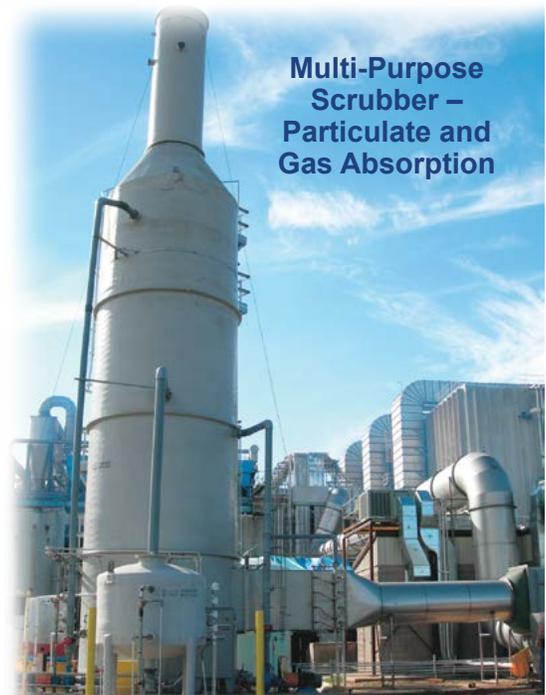

**ASME Designed
 Cyclones**

**NFPA Compliant/
 Abrasion Lined
 Cyclones**

**High Temp/
 High Pressure
 Bag House**

**Multi-Purpose
 Scrubber –
 Particulate and
 Gas Absorption**
