AMBUSH SECURITY SERVICES
Protecting what's valuable to you

 **SiteWATCH**

SiteWATCH is Ambush Security's response to the growing demand amongst small and medium sized construction projects for a more cost effective solution than a Traditional Security Guard.

From \$500 p/w

With the advances in 4G technology and CCTV quality over the previous 12 months, our innovative solution is perfect for construction sites, builders and infrastructure projects. Designed for quick installation by an Ambush Security Technician, SiteWATCH can be hired from just \$500 per week.

- ✓ Built in speaker and microphone for 2 way audio
- ✓ Built in storage providing a wireless solution
- ✓ 4G and Satellite capability giving excellent remote viewing speeds

HIRE FROM ONLY \$500 PER WEEK

HOW IT WORKS

The CCTV system records constantly 24/7

View your cameras live on site or remotely

Your team arms the detectors upon leaving site

Our control room monitors the site out of hours

An intruder triggers a motion or sound detector

The CCTV controller issues a live audio warning

The controller dials 000 and requests the police

The CCTV footage can be used to secure prosecution
