## What is a Healing Mass?

**All Masses are Healing Masses** for God wants to heal us through the powerful sacrament of the Eucharist.

**It is God who is doing the healing.** The celebrant and the prayer teams are the instruments that the Lord is using to provide a prayerful environment for Him to work in.

The healing may relate to the following aspects of our lives:

- **spiritual** – breaking with sins, addictions, deliverance from temptations, possessions,
- **emotional** – healing a relationship, memories, unforgiveness, fear, anxiety, depression,
- **physical** – healing pain, disease, suffering.
