Executive Summary

The property is located off Hwy 78 offers great visibility, with the current average daily traffic count being 75,220 per day. (GA DOT 2014) The proposed retail site will consist of two tenants totaling 3,800 square feet of gross leasable area. The property offers multiple curb cuts granting easy ingress and egress to the center with 52 parking spaces.

The property is currently in lease negotiations with two perspective tenants one being AT&T, the world's largest telecommunications company based on gross revenue. The second tenant being Firehouse Subs rated #1 by Market Force Information after polling 6,100 restaurant consumers.

The location is in a well-established dense retail corridor located across the road from Lowes Building Supplies. Additionally, many other national retailers are located in close proximity. Samplings of other surrounding retailers include Walmart, Big Lot's, Marshalls, Ross, Walgreens and CVS among others.

The property is fortunate to be located in Gwinnett County which has been one of America's fastest-growing counties for the past 20 years. Gwinnett's continued growth is show by the new planned billion dollar movie production center second only to Hollywood's. (See below) This economic posture to bring in new business and growth is certainly a benefit to the property's retail sales volume.

The proliferation of **Y'allywood** continues in Gwinnett County, where dreams come true.

According to the [Gwinnett Daily Post](#), developer Jim Jacoby now intends to close by the end of the summer on the 160-acre Norcross site that would become the **Atlanta Media Campus and Studios**, "the largest film and television media complex outside of California." Jacoby hopes to bring sound stages and production studios aplenty, a film school, a hotel, housing and office space to the OTP property just off Interstate 85 at Jimmy Carter Boulevard. We're talking about a **\$1 billion** investment to fully adapt the site, which has already hosted filming for the "Hunger Games" and instant classic "Fast and Furious 7."
