

Smart LED Thin Panel

For additional information, please contact us
www.teslights.com - info@teslights.com

Product Description

High performance, uniform light distribution, and an ultra-slim profile design combine to make Teslights Thin Panel LED shine with brilliance above all others.

Teslights Thin Panel LED is the ideal eco-friendly solution for excellence in quality when modernizing offices, commercial areas, and hallways. International certifications and our factory guarantee serve to demonstrate confidence in the world-leading technological expertise now producing Teslights Thin Panel LED.

Key Features

The ONLY panel that meets the \$30/kilolumen rebate criteria approved by PG&E

- Thin, sleek design and shallow depth (only 0.25"), compatible with just about any plenum
- Clean, crisp light, with the best uniformity
- Available in 1x4, 2x2, and 2x4 configurations.
- 5 year factory warranty, absolutely guaranteed
- Available in a range of lumens from 4,500- 6,265 lumens, depending on wattage and dimensions
- Eligible for PG&E Deemed Rebate Program
- Instant on/off
- Excellent color consistency
- Modular manufacturing process

Product Specifications

LED package:	SMD 2835 (0.2W)
Power consumption:	36 - 54W ±5
Operating voltage:	90-277 AC 50/60
Efficacy:	100 lumens per watt
THD:	<15%
PF:	>0.9
CRI:	>80
Dimming:	0-10V
Material:	6030 aluminum alloy base and polycarbonate structure
Beam angle:	120°
Fire rating:	94VO
IP rating:	IP44
Operating temperature:	-25°C ~ + 45°C
Lifespan (L70):	50,000 Hours
Light depreciation:	<30%
Connectivity	E

Product Measurement

Model	Measures (AxB)
TP2/2	600 x 600 mm
TP4/1	1200 x 300 mm
TP4/2	1200 x 600 mm

NOTE: If you need photometric information of this or another product, do not hesitate in contact us

Installation

1. Turn off the power switch.
2. Connect the input terminal with utility power (AC 100-227V) by using wiring-unit, make certain that no copper wire is exposed.
3. Ensure cable from lamp to driver is securely connected.
4. Secure with appropriated safety straps as needed.
5. Turn off the power switch.

Attentions:

1. Turn off power to fixture before installing.
2. Do not exceed the recommended input voltage, or it will damage the panel.
3. Do not alter the panel in any way.

NOTE: Reference www.teslights.com/Lighting/Products/ThinPanel for detailed installation instructions
