

South Sudan Emergency Response

UN reports place the number of internally displaced people in South Sudan at 1.6 million, food insecure people at 4.9 million and the number of South Sudanese who have become refugees since December 2013 at 900,000. Shortages of food and water, and the outbreak of disease are facing those who have been forced to seek safety elsewhere.

Due to the increased violence and displacement, PWRDF continues to support those in South Sudan and has sent an initial grant of \$20,000 to the Sudanese Development and Relief Agency (SUDRA) of the Episcopal Church of South Sudan and Sudan to respond to the immediate needs of internally displaced people. PWRDF sent a further grant of \$30,000 through the ACT Alliance appeal for South Sudanese in Uganda to provide hygiene items, blankets, clothing, and kitchen kits; to build community and school latrines and communal shelters for the most vulnerable; to construct 12 classrooms and 450 3-seater school desks; and to provide inclusive learning and teaching materials, and teacher trainings for those in the reception facilities. PWRDF partners continue to accompany the South Sudanese in Kenya and Egypt.

Please support PWRDF's response to this ongoing emergency!
