Hometown: Cisco, TX

High School: Cisco High School

College:

- Cisco Junior College
- Tarleton State University - B.S. Exercise and Sports Studies

Playing Career:

- Ranger High School - 3 years
- Cisco High School - 1 year
- Cisco Junior College - 1 year
- Tarleton State University - 2 years

Interests:

I enjoy playing any sport! I am very competitive and like to challenge myself. I love teaching and coaching and consider my students and players my own kids. I like to relax by going fishing on my dad's pontoon boat or just hanging out with friends and family.

Other Information:

I attended both Ranger and Cisco High Schools and between the two I played varsity volleyball for one year and varsity basketball, softball & track all four years. While in high school, I received many awards including 1st Team All-District (9th-12th), 2nd Team All-Big Country (12th), 2nd Team All-Region (12th), District Offensive MVP (12th) and All-State Honorable Mention (12th) in basketball, District & Regional Championships in track for the shot put, placing 6th overall at the state track meet and 1st Team All-District in Volleyball (11th).

After high school, I received a dual scholarship to play basketball & softball at Cisco Junior College. I played one year there before transferring to Tarleton State University where I continued to play basketball for two more years.

After graduating in 2004, I began working at the YMCA where I was the Sports Director at the Victoria & Grand Prairie locations for 3 years. I then started my coaching career at Lakehill Prep where I taught K-12 PE and coached volleyball, basketball, and softball. When I moved to Austin, I coached at Summit Christian Academy for 2 years where I led the volleyball team to it's first ever bi-district appearance, first ever bi-district win, and and first ever district championship. I am currently in my 3rd year at Florence High School where I coach volleyball, basketball, and softball and teach Physics & Chemistry. I am now coaching at Hopewell Middle School in Round Rock.
