

Dear Fellow Postdocs,

here it goes our sparkling monthly newsletter!

- **FIRST POSTDOC DAY OF 2016**

**“Meet your peers. KI Postdocs beyond Academia” in May**

Are you evaluating to change career path? Are you wondering what skills are required to make your career change? Are you wondering how to make this jump outside Academia?

Then do not miss the chance to get first hand insights from previous KI Postdoc fellows who successfully took the leap and pursued a non-academic career!

To enhance your experience and get your questions answered, there will be one keynote speech to open the event and then you're up! There will be round tables with professionals of different career options where your PhD and postdoctoral training can become handy. You will have the chance to sit at up to 3 tables, but don't worry! If the conversations get interesting or you still have questions for any of our invitees, a mingle will close the event.

We will send a newsletter with the program later in April, so stay tuned!

Registration will be mandatory. The event is open to PhD students and Junior Faculty, too, but priority will be given to Postdoc fellows.

- **JOIN KI POSTDOC ASSOCIATION!**

If you like to get more involved in the association while gaining invaluable management experience, **join us!** Beside professional development, you will contribute to the formation of a strong postdoc community at KI, while working and having fun with a group of highly motivated and enthusiastic people!
