It's Happening

This is chilling but finally it's being said. Take the time to listen to this.

I took the time and it left a helpless feeling. There is hope in the message for the USA, but it seems like Sweden is "lost" and England is well on it's way. This is hard to believe since we fought and died for England several times and now they are letting the Muslims take over.

It won't happen in a day or year, but 10 - 20 years will turn the tables. It will be too late then to change the march of "progress". This is what BO has been doing in his eight years in DC. He has sped up the time table of the Muslims taking over the world. This is the most treasonous act a US President could do.

I'm not one of those "chicken little" writers who believes that the sky is falling when it rains, but warnings need to be given promptly so that corrective action can be taken. Just 20 years ago we never worried about Islam or the Muslims. I didn't like that area of the world in 1958 and I sure as hell wouldn't want to return. What could the next 20 years bring at the rate we are going today? **YOU DON'T WANT TO FIND OUT!!!**

Ladies and Gentlemen, we are in a fight to maintain our way of life. Our Constitution and Bill of Rights are the only thing that is keeping us from being gobbled up by this monster called Islam. Our leaders are trying their best to take our "RIGHTS" away and they are succeed-

ing slowly, but surely. We will never get them back, once they are gone. This election in 2016 is the make or break time to save our country.

We are being shown how corrupt our government really is. The Democrats are the Progressives, Socialists & Communists and the Republicans are the RINO's and follow the Democrats in nearly every move. Just read the election BS you are getting daily. They all speak about cutting costs and setting things right, but that's what they said last time and the one before. Most politicians are just hot air bags with a broken record.

Some of the new inspirers to the Congressional seats soon find out that to "get along - you have to go along". Combining that with them spending half of their day "dialing for dollars" you have a very ineffective Representative. AND - you thought they were there representing you.

EXAMPLE: Peggy Noonan, a former presidential speechwriter for Ronald Reagan, pens regular columns for the Wall Street Journal. In her latest, she states: more [voters] know, the less they like Washington.

At long last, the light is shining through. The innate wisdom of the American people is in the process of being heard and felt.

When I left Capitol Hill after working there for three and a half years, there was one four-letter word that stood out in my mind, and it still does today: "S-I-C-K." I vowed that neither of my kids would ever work there. I had seen raving narcissists and demagogues who were not nice people—and equaled or surpassed those in Hollywood where I had grown up.

I saw senators and congressman chasing and bedding female staffers between the ages of about 22-26, and wrecking their lives in the process. When the women reached about 28, they were considered "over the hill," and a new batch of fresh young faces would replace them. I saw attractive young female staffers flock to the politicians like groupies are attracted to rock stars and other celebrities. I saw lobbyists providing women for sex to important committee chairmen.

I saw power trips that were way out of proportion to the actual power wielded. I saw senators and members of Congress pontificate on empty chamber floors, and pass legislation that often did not help anyone, but merely “congested” and “polluted” government for both the regulators and public alike. Laws were put on the books almost ceremoniously to display motion and activity, even if they were truly bad laws that made little or no good sense—and none were ever taken off the books. Programs were still being funded even though they had outlived their usefulness years if not decades before.

I saw lobbyists literally run Washington, because they had the skills and knowledge that the politicians did not have. House staffs were small unless the member had seniority. Hence, the input of lobbyists was essential to the passage of legislation. They wrote it; and they got it passed and their clients benefited; and somehow—by hook or by crook—the politicians benefited financially or in other ways. It was dirty, but those participating simply looked the other way.

Revelation 21:8 ESV

But as for the cowardly, the faithless, the detestable, as for murderers, the sexually immoral, sorcerers, idolaters, and all liars, their portion will be in the lake that burns with fire and sulfur, which is the second death.”

Proverbs 25:26 ESV

Like a muddied spring or a polluted fountain is a righteous man who gives way before the wicked.

Now is the time to start praying - if you haven't already.
