

Does He Look Like He Just Killed 49 People?

Omar Mateen, a 29-year-old U.S.-born citizen, has been identified as the suspect in Sunday's mass shooting that left at least 49 dead and more than 50 others wounded at the Pulse Orlando, a gay nightclub in Orlando, Florida.

In the midst of the attack, Mateen called 911 and pledged his allegiance to ISIS, according to two law enforcement officials.

ISIS supporters have cheered the massacre online and an ISIS propaganda group claimed, citing a "source," that the shooter was an ISIS "fighter." But there's no evidence ISIS directed or had prior knowledge of the attack, terrorism observers told ABC News.

ISIS, which is based in Syria, has targeted gay men for beatings and murder in the Middle East and has filmed its members throwing some men suspected of being gay from the roofs of buildings.

I'm having a lot of trouble getting my head around what happened here. I do not approve of the lifestyle of the "gays", but I don't understand why some religion demands that they be killed for it. They are people, living and breathing, just like you and me. We need to look at the "log in our own eye before we point out the sliver in our brother's eye".

It needs to be said that the term “*Islamic Terrorist*” comes into play here and BO needs to recognize that fact. How many have to be killed before that term applies? Seems to me that we have plenty of evidence in this case, as well as others, that Islam is fully responsible whether they “officially” indoctrinated Mateen or not.

ISIS goes global: 90 attacks in 21 countries have killed nearly 1,400 people

CNN) Since declaring its caliphate in June 2014, the self-proclaimed Islamic State has conducted or inspired at least 90 terrorist attacks in 21 countries other than Iraq and Syria, where its carnage has taken a much deadlier toll. Those attacks have killed at least 1,390 people and injured more than 2,000 others.

It can be difficult to define the precise role that international terrorists play in this or that attack. The person who killed four U.S. Marines and a sailor in Chattanooga, Tennessee, in July 2015, for example, was "motivated by foreign terrorist organization propaganda," FBI Director James Comey said, though he added that it's hard to say which terrorist group motivated the killer. Regardless, it is clear the deadly tentacles of ISIS have spread quickly from the terrorist group's epicenter in Iraq and Syria to points around the globe.

Who Really died at Auschwitz?

It's our children and grandchildren who will suffer more than the present. Interesting article from a Spanish writer.

What really died at Auschwitz? Here's an interesting viewpoint. The following is a copy of an article written by Spanish writer Sebastian Vilar Rodriguez and published in a Spanish newspaper.

It doesn't take much imagination to extrapolate the message to the rest of Europe - and possibly to the rest of the world.

“ I walked down the streets in Barcelona and suddenly discovered a terrible truth - Europe died in Auschwitz. . . . We killed six million Jews and replaced them with 20 million Muslims. In Auschwitz we burned a culture, thought, creativity, talent. We destroyed the chosen people, truly chosen, because they produced great and wonderful people who changed the world.

The contribution of these people is felt in all areas of life: science, art, international trade, and above all, as the conscience of the world. These are the people we burned.

And under the pretence of tolerance, and because we wanted to prove to ourselves that we were cured of the disease of racism, we opened our gates to 20 million Muslims, who brought us stupidity and ignorance, religious extremism and lack of tolerance, crime and poverty, due to an unwillingness to work and support their families with pride.

They have blown up our trains and turned our beautiful Spanish cities into the third world, drowning in filth and crime. Shut up in the apartments they receive free from the government, they plan the murder and destruction of their naive hosts.

And thus, in our misery, we have exchanged culture for fanatical hatred, creative skill for destructive skill, intelligence for backwardness and superstition. We have exchanged the pursuit of peace of the Jews of Europe and their talent for a better future for their children, their determined clinging to life because life is holy, for those who pursue death, for people consumed by the desire for death for themselves and others, for our children and theirs.

What a terrible mistake was made by miserable Europe.

Recently, the UK debated whether to remove The Holocaust from its school curriculum because it 'offends' the Muslim population which claims it never occurred. It is not removed as yet. However, this is a frightening portent of the fear that is gripping the world and how easily each country is giving in to it.

It is now approximately seventy years after the Second World War in Europe ended. This e-mail is being sent as a memorial chain, in memory of the six million Jews, twenty million Russians, ten million Christians, and nineteen-hundred Catholic priests who were 'murdered, raped, burned, starved, beaten, experimented on and humiliated. Now, more than ever, with Iran, among others, claiming the Holocaust to be 'a myth,' it is imperative to make sure the world "never forgets."

How many years will it be before the attack on the World Trade Center 'NEVER HAPPENED' because it offends some Muslim in the United States? If our Judeo-Christian heritage is offensive to Muslims, they should pack up and move to Iran, Iraq or some other Muslim country.

It will take only a minute to pass this along. We must wake up America before it's too late.

Gotta pass this one on

You hypocrite! First remove the beam from your own eye, and then you will see clearly enough to remove the speck from your brother's eye."
