Do You Know Who She Is?

***Supreme Court
Justice Ruth Bader
Ginsburg.*** She
recently came out and

said she would move to New Zealand if Donald Trump was elected President. Donald seems to be creating a healing effect on the country and he's not even elected yet. When he takes office I hope to see all the "riff-raff" jamming the airports on their way out.

Ginsburg has been a real liberal from day one. From August 10, 1993 on she has been known as the "Dissenting Justice". One who would rather vote no on having breakfast than be known as one who approves it. Another Clinton appointment. When she leaves the entire appearance of the Court will improve.

Meet the NEW Supreme Court Justice

(If Killary is elected)

You heard that right. When Bill and BO got together the question was, 'what could we offer Loretta to get Hillary off the hook with the FBI'?

BO had as much to loose as Hillary if the FBI decided to indict. BO could be called as a witness since he had full knowledge of Hillary's wrong doings. BO couldn't chance that and he also couldn't be caught telling Lynch directly to squash the deal. Bill was the go-between and that appeared only slightly better.

Everyone in this whole affair has dirt on their hands. It is one of the biggest coverups that couldn't quite get covered up. These are so called Americans that have taken oaths to defend the Constitution and the laws of the land. Now all four are caught red handed and need to be put on trial.

BO: *We know him to be a liar from day one. Didn't think he might be smart enough to have Bill do his dirty work, but then again he was probably coached by George Soros.*

Bill: *His infectious smile and easy public temperament hides a cunning and conniving criminal that has been above the law for years. Although he was chastised during his Presidency and fined heavily, the money was probably supplied by others and he had nothing to worry about.*

Lynch: *Our spineless Attorney General thought the deal was great enough to bastardize herself and values (if she had any) and agree to the deal.*

What better way to boost yourself up than to break the law that you have sworn to uphold.

Comey: *Another spineless Director. It would have been better if he would have resigned than to agree to this despicable act of treason. If his explanation that Killary was “extremely careless” draws no further consequences then the country just lost the time honored tradition of “no one is above the law”. Also his Congressional testimony stating that no one knew what he was going to say may also turn into a big lie. Maybe no one knew the exact words, but they all knew the outcome.*

Killary: *Saved by the deceitful nature of our government. The same government that she wishes to be in charge of. Actually she would make a great leader. She wouldn't have to teach anyone how to be: **liar, dishonest, untrustworthy, crook, untruthful, criminal, deceitful, corrupt, crooked, murderer, bitch, phony, cheat, deceptive, sneaky, ambitious, arrogant, thief, devious liberal and unqualified. She's qualified alright with all the wrong qualifications.***

May God have mercy on our country.
