No. 1 donor and advisor....

George Soros America's No. 1 Enemy

Family and friends, I've written about George Soros before and just recently his name began to appear in the news again. He is,

without a doubt, the most evil man in our country. There is no one who can top him and those of like mind gravitate to him because of his money. He buys and sells countries and people just like they are a commodity on the open market. He has ruined countries and their monetary system in a very short time. His evil is like a cancer on the world.

Bob Lovell:

George Soros is, I believe, guilty of treason and sedition. All be it that those words have little or no meaning with this Marxist, Utopian regime know as the Obama era. The followers are in for a rude awakening when Obama's disastrous foreign policy, monetary failure and domestic divisiveness bring this once great nation to its knees. We are staring at military defeat, bloody insurrection and a total collapse of our economy. Soros is, in my opinion, a major player in our demise. Obama has achieved beyond the wildest

imagination , what the Confederacy could not accomplish; a total division and fragmentation of the nation.

Well put words. Anyone who has anything to do with George Soros will be considered an accessory and an accomplice in the perverted attempt to destroy our country. That would include both Barry and Killary. Both have and are benefiting from Soros' gifts.

Between the writings of Saul Alinsky, the money and perverted direction given by Soros, both Willy and Killary Clinton and Barry Soetoro are destined for a place no person in their right mind wishes to go. They will drag the country down with them, if given the chance. So far we have had 16 years of the Clintons and Soetoro and have found ourselves hanging on by our fingernails. Another four years of a Clinton will be the death knell for our beautiful country.

I am asking every red blooded American to do their homework and look up George Soros on Google and read about how many countries in Europe want him in prison. France already has an open warrant for his arrest. Russia is also wanting him in their grasp.

Now you might say that one man can't do that much damage. When you put millions and billions of dollars in the right place, the recipients follow orders. Soros OWNS the Democrat Party. What he says GOES. He is also the one to finance BLM in all the riots you read about. He is the **NUMBER ONE** cause of all the unrest that we are experiencing. **DIVIDE AND CONQUER** has been his motto all his life. He even stole from his fellow Jews, during the Hitler days, and claimed that to be the *"best time of his life"*.

Dear friends and family, I pray that you will not be voting for the criminals that are tearing our country down. I believe we have only one chance left to show favor with God and ask that He bless us again.

May God bless you and the United States of America.

Dear Family and Friends -

Here's laughing at you kid

This is a personal note -

Do You Really Think He would be personally offended if the Blacks didn't vote for Killary?

President Barack Obama said if black voters fail to vote in sufficient numbers and Donald Trump wins the presidency, he will consider it a "personal insult."

"I will consider it a personal insult, an insult to my legacy, if this community lets down its guard," Obama said Saturday at an awards dinner hosted by the Congressional Black Caucus Foundation in Washington. "You want to give me a good send off? Go vote!"

REALLY - WHO GIVES A RAT'S A** ABOUT YOUR LEGACY? We need to think about the legacy of the United States of America and how it has suffered these last eight years. You have been running after favors from countries that spit on us and then take our money. You have bowed before the Muslims and financed terrorism in the name of giving the people a

better government. You have negotiated only to learn that we gave away the farm. You have sacrificed hundreds of young lives fighting a war that you bailed out of only to go back in to retake lost ground. You have given armaments to enemies of our country and claimed it would be to our advantage to do so. You have opened the border doors to allow thousands of illegals to cross into our country without proper vetting. You have allowed four Americans, including our Ambassador, to die a horrible death at the hands of terrorists and then lied about it. You have released numerous terrorists from Guantanamo only to have them come back to haunt us. **THIS IS YOUR LEGACY, BARRY. YOU ARE THE VERY WORST PRESIDENT - EVER.**

As we get closer to election day, I would like you to remember some of these "legacy" items and remember that Killary plans to continue Barry's programs and (maybe) nominate Barry for the Supreme Court. Please - I get sick just thinking about that.

Therefore - I ask that you join me in the movement to turn our country from damnation to GREAT again. We need to hold our heads up high to our enemies and heads down low to our God.

Dear Lord - Please Bless our Nation AGAIN

Thanks for listening,

Ron
