THIS PAGE IS DEDICATED TO OUR LORD JESUS --- WHOM WE LOVE WITH ALL OUR ENTIRE BEING. IT IS A SIGN BETWEEN US AND GOD, TO ENCOURAGE THE TRUE SEEKERS, TO OPEN THE EYES OF THE BLIND AND TO SILENCE SATAN AND ALL OUR ENNEMIES. GOD'S MIRACLES ARE NEW EVERY DAY!

People visit our church from all over the world. They come seeking God, healing, deliverances etc... and there are also the curious ones, who have come because of the criticism against our ministry! It does not matter how or why they come - they are all met by the Real Jesus and also the people who have seen the Lord face to face. They are then surprised to see such an open heaven on earth! They all receive a personal touch from a Personal Real Jesus and can surely tell you "*It is no longer because of what you said that we believe, for we have heard for ourselves and know that this One is indeed the Savior of the world.*" John 4:42 Herebelow are some of their testimonies:

- *I'm writing to say THANK YOU, my dearest sisters and brothers in Jesus Christ! Your long time laboring and hardworking benefit my family abundantly, I owe you so much! It's not the gifts of Holy dance and Speaking in tongues I received that makes me the happiest person, what benefit me the most is your example of loving and worshipping God with all your heart, all your soul, all your strength and all your mind! This is what I need so badly! And how the Lord changes my husband through you! It's hard for us having to leave Denver, I definitely want to be a member of BHF family. ~ From a sister*

### **PRAISE REPORT FROM BHF ONLINE MENTORING CLASS:**

In September 2015, while our enemies were busy persecuting me, the Lord spoke to me and said "My child, arise. There is work to do! Do not ever worry about what satan posts you in hell. Do not ever worry about what satan posts about you on websites. I will protect. I stand with you and I will never leave you. He told me that instead of mentoring one person at a time, I should do it as a group. 12 people were part of this class. At the beginning of this class, the Lord hinted on what was going to take place: people who have no dreamns will dream, there will be people who will see, there will be people who will be spiritually awakened and much more. Within a few days, over half of the 12 people had prophetic dreams. Some people had visions for the first time and one person in particular encountered Christ and visited heaven. Glory to God for lives transformed! Read more under **Report from online mentoring class:**

## **Healing for the Healing Family**

*Before I brought my family to be prayed over, we had numerous medically unexplained food intolerances and allergies. However, it seemed every time we tried something it would only relieve our symptoms temporarily. My 7 year old had a rash on his arms and legs, would throw up randomly and suffered from abdominal cramping. I had similar symptoms as his mother I tried everything I could think or be recommended by his*

*pediatrician. When I received prayer two weeks ago, my body started healing, my hand had been dry and bleeding on and off for two years, and it was healed in the name of Jesus! I had also avoided many foods that gave me gas, bloating, cramping and psychological symptoms (short term memory loss, hyperactivity, fuzzy vision and emotional instability). All of these have been completely healed in the name of Jesus!*

*I can eat whatever I need and suffer none of my previous symptoms! My son has received some healing but we need to come back for more prayer for him. He is eating anything and he doesn't vomit anymore or struggle mentally like he used to. His memory and comprehension has dramatically improved! It is a miracle praise Jesus!*

**HUSBAND TURN TO THE LORD:** *On our all night prayer on New Year's Eve, a sister sent a prayer request to pray for her husband who did not show interest in the things of God. A few weeks later, we received this email:*

Hello Pastor Christine,

My family received a breakthrough last night. My husband came back from work last night and we were just having a casual conversation as usual. All of a sudden, he told me that he wanted to be a better husband for me and he wanted me to tell me what he needs to work on. I told him I didn't want anything from him but the girls and I would be very happy if he would attend church with us on Sundays. To my surprise, he told me he enjoyed the Pastor's preaching but he doesn't like the 45 minute long worship in the beginning. I told him that he and son could stay with the little ones in the Children's Ministry while Faith and I worship; and after worship he can come listen to the preaching. I couldn't believe that he agreed to it. I'm just so happy that I had to give you my praised report!

I thank the Lord for allowing my family to know you and your wonderful ministry. I thank you and your ministry for always keeping my family in your prayers. I will keep you posted as the Lord works His way in my family's life.

**Healing of the baby in the womb and mother during service without laying on hands**

Around Christmas time 2015, a dear family came to our church service for the first time. They brought all their 3 children. At the closing of the service, we prayed for this family's healing - the prayer was done in general over the microphone, situation did not permit the laying on hands, the mother was even in a nursery room but she could hear as prayer was going on. The next day the mother reported that while prayer was made, she immediately felt healing in the baby in the womb whose movements were unusual. Ever since that prayer, the move is normal. The mother also reported that at the same time, she felt healing in her head. she was not sure what was broken until a few days later they boarded the plane to Michigan and she was surprised she did not have any motion sickness. A few weeks later as they drove to the mountains, she was surprised she was sitting in passenger sit and there was

no nausea or any motion sickness she used to have. She came to testify on January 18. So much healing taking place in the family because of that one prayer made to God in a place where the presence of God is real.

Glory to you Jesus! Hallelujah!

**Stage 3 Renal Disease Healed:**

This summer a woman came to our church seeking healing. She had a stage 3 Renal Disease. We prayed for her in our regular service and the Lord touched her mightily. This month she sent a report saying that she does not have the stage 3 renal disease any longer. I called to get more info, waiting for her to call back...

**Within a few days from being part of the online mentoring class by Christine, several people have dreams, visions and one brother start encountering Christ and going to heaven.**

*Blessed Warriors:*

*A team member from this group who was caught up to heaven earlier had two more encounters and here he shares with us all. Press in, the Lord wants to show more and to be experienced and encountered deeply. Love, - Christine*

Last Saturday, 12/5/15, while I was in a prayer session, Jesus took me to a building in heaven. It was a rounded U-shaped building... like a horseshoe arch, very similar in shape to a greenhouse. It was an extremely large, white-colored building. I entered into the building with Jesus. It was filled with Angels who were preparing for battle. They were each doing various tasks: sharpening their swords and spears, putting on their armor, some were getting their trumpets ready, all the while singing praises to Adonai. As I was observing this, Jesus said "I am coming now. We are coming now. There is no time left. Prepare yourselves! Intense changes are coming soon to the world. The US will have extreme changes." He also said, that by us praying "We are preparing ourselves by praying earnestly for what is coming. When the time is here, we will pray all day long, while some will have to pray day and night. We cannot worry about our families. That is His job. But we can protect them with the Living Word. The only thing that should come out of us is the Living Word. For it is Law. He is with us. Don't give up! If you know the Law, then you have nothing to fear. I love you."

Following this message, he spoke some instructions to me about how to pray for and lay hands on my ailing grandmother who is in the hospital.

He then spoke a personal message to me. Jesus told me that He has great plans for me. He said, "Stay focused on Him. Don't let the enemy distract you. You are doing good by casting the enemy out when you get certain thoughts, but you need to do better. Focus on Me, and My Will when you cast them out. Then they can't get back in, nor further distract you."

Then the setting changed with Jesus, and we were sitting together. He broke a piece of bread and put it in my mouth, and I ate it. Then he gave me some wine, which I drank. After this he anointed me with oil on my forehead. Jesus then warned again about what's to come and that there's no time left. I vividly remember seeing an intense light that was radiating out from Jesus' hands where the holes from the nails were.

Last, Jesus gave me a glimpse into my childhood when I was an altar boy. He told me that I was called for the work of Our Father.

Throughout this time with Jesus I was crying profusely. I rarely cry, so this was unusual for me. Jesus told me that this was enough for me today, and to go and rest. He instructed me to share this with others. After He left me, I wrote all of this down. For a few hours after, I continued to smell the fragrance of the oil that He had anointed me with.

3rd Encounter:

During my prayer time, on 12/7/15, Jesus came to me. I was taken to a park-like setting... with trees and grass. There were lots of people of all races, many nationalities. Jesus was wearing a beautiful, bright white robe. What surprised me about His robe was that it was very long. It was so long behind Him that it reminded me of the train on a bridal gown. As He walked among the people through the park, the people would drop to the ground in praise and worship. His Love was felt throughout the park. I experienced it as a deep warmth and peace. The security that abounded was as perhaps as a baby would feel in His mother's womb.

Then I saw Jesus above me in the air while I was on the ground. What amazed me was how large he appeared despite being 50 -100 feet in the air. He was still dressed in the long white robe. I could see Him looking at me. He said to me, *"I am coming now. I am coming now. I am coming NOW! There is no time."* Jesus continued, *"True and gifted religious leaders will be deceived and infiltrated by the enemy. Pray for your pastors."* I was instructed to pray for my pastor at that time, but he wants everyone to pray for their pastors and all pastors in this world.

He also told me that someone in our prayer group is being persecuted by the enemy. He said it was a man, and that he feels at times too weak and sick to pray. He cannot focus because of the pain or sickness. But this man will overcome. He needs to cast out the enemy and send him to the pit. Jesus then had me pray for this man and lift him up.

Then Jesus said, *"I am coming now. I am coming now. I will gather My people from all nations. Be ready! I am coming now. Be ready! No time is left."*

**My brother PERSONALLY encounter Jesus in a dream - December 2015 by**  
*By a sister from Europe – who is also part of the mentoring class. The sister has been praying for her unsaved family. Being part of the group, she also had a dream and now a praise report came in.*

My brother is not saved and doesn't believe in heaven and hell (yet). Yesterday he told me that he had a frightening dream on the night from Sunday on Monday: He dreamt that he was on a field with my other brother. They wanted to feed cats. Then there came a grizzly bear and bit in his neck and he died. Then he felt like floating above his dead body and flying to heaven. It felt like real life for him and not like a dream. He heard something like bells and arrived at the gates of heaven. He layed or was on his knees.

There were two signs pointing in two different directions. On one sign was written "heaven" and on the other one "hell". He was so frightened and wanted to go back to earth, because he didn't want to go to hell. He also saw a man standing there at the signs. He couldn't see the man's face but he could see he had a white robe on and wearing sandals. Then my brother woke up in his bed gasping for air.

I told my brother that this man in the dream was Jesus! And that he appeared to him in order to show him that HE is real and that heaven and hell are real. And that this

dream is a personal invitation and warning from Jesus to believe in him and not doubt anymore.

I was so happy and amazed to hear my brother's dream! I know that it was Jesus, and I thank him so much that HE PERSONALLY appeared to my brother, what a privilege and fortune for my brother to meet/see Jesus in his dream! It was a long mail, but I feel I should share these important things with you in detail so you can see the fruits your mentoring and prayers have produced in my and my family's life.

**God respond to New Years 2014 Prayer Requests:**

A dear sister reached to us and indeed she was led by the Lord. She sent in her prayer requests on New Year 2014, to pray for her family but in particular her husband to be free, to believe and be right with God.

"...Dear sister Christine... I prayed again for one hour. Just after I finished the prayer, my husband got up and asked me, if I was watching TV, I told him I just finished prayer, maybe my voice was too loud, He said nothing but went back to bed. In the afternoon, we got chance to talk, I opened my heart and told him that how painful to endure his anger all the time, though I would always forgive but sure in this way he is perishing and harming our daughter, I told him that he must have genuine repentance and let Jesus control him. Unexpectedly, he said: What you said are exactly right! For the very first time, he officially apologized to me. While I was wondering what was this change, he told me what happened in the morning when I was praying, he had a dream, in the dream he was persuading me not reading the articles from BHF website, he said some negative words about you sister Christine - judging from one or two of your articles, when his dream went here, he heard some loud voices like from TV, he was like being hit by electricity and woke up, then he came and asked me if I was watching TV, which he knew not possible, for I hadn't watched TV for more than 8 months and our TV was packed recently, then he mused two things in his heart, first that sister Christine must be a true servant of God and God doesn't allow devil attack her, second that God must have heard my prayer and cast out the demon that working on him. I agreed both of what he thought, in my prayer, I indeed asked Lord to visit my husband and fight for him if any demons and devils are about him. How wonderful is the work of the hand of Lord! There's still a long way for my husband to go, but I'm confident Lord will handle, I'm so grateful and joyful, just no words can express my thankfulness to our Loving, Merciful and Mighty God! And you - the true servant of Most High!

**Prodigal Son comes home quickly**

A long time friend, classmate from Rwanda - we are the only two from that class who survived and made it here to USA - she visited me this summer. We had not seen each other for over 10 years!

She saw God's great grace in our midst and prayed with us till the midnight hours. She had a special prayer request. Her sister who lives in UK was Jehovah witness but we had prayed and she found Christ. Her son had become a prodigal and the sister's heart was broken. My friend believed the Lord is tangible in our midst and believed that if we pray, God will answer.

We prayed in agreement. That weekend, my friend texted me and said "*My sister received news that Irene attended the church yesterday. He went by himself. Irene*

*was never going to church even if you paid him to. Please keep praying. My sister wants to contact you directly. May I give her your contacts?"*

Praise God... My friend, if you are a friend of God, it does not take years to get an answer... have a strong relationship with God and see things happening quickly! Hallelujah.

After so many years of wandering, the very first time we received such wonderful peace and joy in our Lord. I came to Denver seeking for a new heart being able to love God, I returned with a new heart missing Him more than before. ~ From a sister*
- *During this revival, God restored a brother who was backsliding. After the revival, He had the following encounters. Around 3 or 4 pm, when praying at home, in my praying position I could not move. I saw what looked like a TV screen where there were two scenes. First, I saw people protesting and terrible things were happening; and in the second scene, I saw a crazy man who was angry. Abba Papa and Jesus showed me my sins, what I had done to my wife and to the pastor with my anger. I started repenting and went through deliverance. Abba Papa spanked me and He told me not to hurt BHF Church and to always listen to the pastor. I cried, I repented deeply and I apologized to my wife, to the pastor and to all BHF members in person. Thank you Jesus for restoring me, for forgiving all my sins and setting me free.*

**Autism Miracle - Healed by Jesus**

The following day (see testimony of March 25th 2014), the lady came back with her daughter who had a severe case of autism. The child is only 5 and she was very autistic. She could not talk, she could not respond to her name, she could not be still nor focus, she could not sleep well at night but had nightmares. At birth her name was Fate but through this sickness the parents believed and were told to change her name to Faith. Faith had no joy but torment was all over her face. We were told by her mother that she could not eat well. It was a very desperate case!

That night we earnestly prayed for faith. The prayer lasted for about 30 minutes and in the midst of prayer she peacefully fell asleep. Many evils spirits started leaving her as the Lord led us to do deliverance for her. She was deeply asleep that we carried her to the car by the end of prayer. The next day her and the mother came back. The mother testified that there has been a great change in Faith. First, for the first time Faith slept peacefully. In the morning she ate good and from that moment on, she

started responding to her name. They came to prayer the next day, Faith was more focused and little by little, she started speaking some words. Faith still comes to prayer, it is amazing to watch her say more words and singing. Her healing has been progressive but amazing. She gets better every single day. The family's faith went to another level and they are committed prayer warriors at our church. To God be all the glory! Jesus loves Faith and He is the one who healed her. To Him alone be the glory - Hallelujah! Amen!

### Healing of back

A lady came to our meeting referred by her sister. She needed healing for her child who had a severe case of autism and she herself was in a lot of pain for her back. On her first visit, she just came to check it out and did not bring her daughter. After prayer and worship, we prayed for her and the next day, her sister send me the following email "*The lady that came to your church for prayer the other night was my sister. I emailed her the flyer you sent me to see if she would be interested in attending the revival in June. I didn't know that she would be visiting your church. Thank you for praying for her back. She just called me this afternoon and said that when she woke up the next morning after you had prayed for her, God had already healed her. May God bless you, your family and your church abundantly.*"

### Healed & Lost 5lbs upon receiving Prayer:

**Healed & Lost 5lbs upon receiving Prayer:** Beloved in the Lord, on Saturday July 13, 2013 - Virgie, an elderly woman came to our church in much agony, barely able to move. She used her cane, her legs were swollen beyond the normal! When we talked to her, we found out that she was a believer, who was oppressed by the devil. She was lonely and had no church fellowship for 3 years. Virgie arrived before the service and the pain in which she was in did not permit us to wait till the service to pray. As we started praying for her, it was prophesied to her that her healing is a done deal, and that she was going to need the cane no more. It was a very short prayer and she received by faith. We quickly moved into the service that lasted two hours. She had to catch her ride before the service was over, so we could not pray more for her during the time allocated for individual prayer. Where God's power is present, every mountain crumble to nothingness!

That night, Virgie lost 5 lbs! All the pain stopped at once when we prayed. For the following days, she kept losing more water in her legs till her they became normal. A few days later, Virgie came to testify of God's great power. She came to our church without a cane. Also she was wearing capris and gave her testimony of God's great power. Her faith is restored and she is revived. Let this testimony build you up - Yes, God still heals - By His stripes, you were healed!

### Steven is a true servant of the Lord, a young man on fire, who owe it all to Jesus. Let his testimony edify you.

### Awake My Soul – A Testimony of Steven O M

My testimony and confession is my weapon. If it were not for Jesus, who brought me to the revival on March 29th 2012, by now I would have been a dead man and in hell. Praise God! Everything you're about to read is just a short summary of what happened. Soon a book will be written about my journey -...my tongue is the pen of a ready writer (*Psalms 45:1*). About two weeks before the revival, I was going completely insane. I was intoxicated with liquor, I couldn't move from the couch, I could not bathe nor eat. My diet was liquor. Lying on the couch, screaming and losing my mind was my daily routine. During the revival week I could not remember anything at all, except that I drank myself to death. The devil took over my life and

manipulated me in a disgusting way. My friends forsook me; my lonely life became miserable.

I was pondering on how everything felt hopeless, how everything I am seemed lost. But I would soon be shown, that the unconditional love and the greatness of God's mercy is enough to redeem my life. I would soon come to know, what love really means. It is now the day before the revival, and so much grief consumed my spirit; death was knocking on the door of my soul. Therefore, I decided to call some pastors that I know, to come and pray for me before I die. Neither one showed up. Not knowing that God had His own plans, I eventually fell asleep, and in a state of a trance I was shown a vision of this church: The Blazing Holy Fire Church. In the spiritual realm I was in the church with one of the members, who was actually my roommate. The power of God was so strong there. I saw great deliverances, healings and miracles going on.

Immediately the vision came to an end. To my surprise I heard our apartment door open and this member was right in front of me. I got up and started a conversation with him. I told him that I wanted to go to church with him the next day. We both responded, "Praise the Lord." The church had heard my story through him and they were also praying for my salvation. On the revival day, as we were about to leave for the event, I heard a voice saying, "Whether you go to church today or not, you are going to die!" I was terrified at this, for it kept repeating these words. I opened the door, and I heard another voice, this time I know it was the Lord. He spoke to me in a thundering voice. "Now, look at yourself. This is how I want you to be like: I want you to do My work. For I created you in My image; you're the temple of God, and since you have polluted the temple with alcohol, you deserve to die.

Alcoholics cannot enter into the kingdom of God. The spot where I was standing began to shake like an earthquake. ***I repented!*** For what more could one do while experiencing the power of God? Even while I was in the car, I could not stop crying out to God for mercy. It was similar to how the criminal on the cross had his last chance to repent and say "remember me..." (*Luke 23:42*). I told myself that I would rather go to the house of the Lord and die, rather staying here losing my life. As I entered the church, demons manifested and were cast out of me. Spiritually I died during service, and I was taken to hell. I was tortured by satan and his demons on the basis of being there while I am still a child of God. I called upon the name of the Lord and He delivered me from the hands of my enemy ...You have brought up my life from the pit, oh Lord, my God. (*Jonah 2:6*). My heart was shown on the projector screen in the church, and I saw that the Lord removed my alcoholic heart and replaced it with a new heart, which is now addicted to Jesus. No longer do I have the desire for alcohol anymore! And to this day, life has never been the same. Oh, I can never stop praising God for this. For His loving kindness is everlasting! Amen!

**Brother Chris was with us in the revival of 2012. His spiritual sight opened and this is what he saw.**

**Testimony from 2012 Revival** By Brother Chris E C

I was on the beach, but the sandy part of the beach was built up on a hill/mountain; you can see the ocean and see the waves as they hit against the rocks at the bottom of the hill/mountain. This section was greener. I saw a ladder come from heaven and some of the saints/patriots descending the ladder as they were conversing amongst

themselves, the earth opened like a hole in the earth I could see the five down in the hole.

1) I walked into the hole and the first place I saw labeled the "CEO of HELL" this is where the earthly CEOs of earth end up in hell. They were made to dig their own graves, then lay in the coffin which had round holes around the coffins. The demons will pucker through the holes which cause blood to ooze out of the coffins; the demons will bury the coffins and the process is repeated.

2) Then to another place where people who sacrifice people on earth; whatsoever part of the body they cut to sacrifice, that will be the part that will be cut of them. These people were hung up in the air with hands and legs spread out as the cutting process goes on.

### **Hell is real. Let's win soul for Jesus!**

3) The other room was where people were hung on hooks attached to cable, like the process of a cable trolley taking someone up the mountain or Alps. Those hung on the hooks attached to cables will be lead down by a cable, as they come down there will be a demon on either side of the people to cut off the hands and legs.

4) Then was the train in hell where people were jammed into the train and as the train will come at the round of the cliff, the train will dump the people into the bottom of the hill which is the lake of fire. The train itself will not fall over but will continue to go.

5) THIS STAGE STAYS ON MY MIND.

I walked into a dark room where I saw some demons. As I approached them they took out a book, I knew exactly what they were looking for, my name. As they turn a page, they will look down through the list of names, they will turn a page and look down through the names; as they turn to the page where my name was, I saw my name, it appeared to me. My name was not lit up but I saw it as the page was turned onto which my name was on, but as they look down the list of names, my name was marked or blacked out. It is like using a black marker and marking out a name. When they saw the name marked out, they looked at me; I saw the anger in them. Just as they were about to attack me, I was standing opposite to them, there appeared a bright light/cloud that came between them and me and within the bright light/cloud there was a net, like a fisherman's net, that fished me out of there. THIS SCENE IS EDGED ON MY MIND.

I had to share this because the scene cannot leave my mind. The BLOOD and the GRACE of JESUS CHRIST has given my victory which I cherish greatly. I wish this conference was twice a year.

**Delivered from evil spirits  
April 25, 2012**

A brother in Christ was oppressed by evil spirits who would not let him read scriptures. they would manifest as he reads or pray powerfully, hindering him to seek the Lord. This brother flew in from CA and praise God after the first deliverance, the demons had left and he read scriptures and was set free. This brother stays with us for one week and returned having learned many things about spiritual warfare and pressing in through powerful and intense prayers.

**Taken to Hell

*"While I was lying down, Jesus took me to hell. There are different levels of hell. As I was going through the different levels, there were different devils. Big ones, even tiny devils they were devouring my flesh. When I went 3 levels down, devils held a*

stick made of needles. They started hitting me with a stick. It hurt so much, it was very hard to endure. My body wasn't restored even around 3 or 4 this afternoon. Around 3, I started bleeding and it could not stop. I was so exhausted that I prayed to the Lord: 'Lord it is so hard, I am going to die. It is so hard Lord.' The lord said it was my calling, so we had to go. The Lord gave me a word from the book of Revelation 2:10. **Obedience to the point of death.** You have to be obedient till you die, in order to receive His full life.

The Lord opened my eyes and helped me to see while visiting hell. The hell was pitch dark. Whenever I go to hell, there are so many doors to hell. Doors are so varied, so many, so different from one another. For example one of them as you enter hell, you enter a place like magma; another place as you enter it is so narrow like 1mm, because the path is so narrow, there is no other way but you have to fall off and there is no exit! When people fall off, there are needles sticking out, needles that are higher than buildings. They are so close together, there is an endless field covered with needles on both sides. There are many souls that are stuck there.

There is another hell that is like a blender. The souls who are at that place, they are blended.

There is also a place like a prison with iron bars. The current that runs through the bars is so powerful. As soon as they touch the bar, the souls melt away. There are so many places like that. Let's say we are in a prison like bars, it is a tiny room and let's say that it holds 5,000 people in the room. People there are trying to go in the innermost part of the room. The people in the outer side as soon as they get touched by the bars, they melt away entirely right away.

There is a path to hell, as soon as you enter through the path, you cannot go back, it only goes forward, you get sucked immediately. The sad thing is that you can see the path to heaven from there and people scream 'Oh no, I have to go to heaven! Oh no, I have to go to heaven now! Why am I here? No, no, please!' Because so many people are going to hell, they are pushing each other. In those instances, everybody push forward going straight to hell. The path to hell is so wide, as wide as a stadium. Hell is bigger than heaven. About 1 in a thousand goes to heaven.

Not many people go to heaven as you think. Opposite what you think, a small amount of people make it to heaven. Don't be too confident with your salvation! Even though we have become the people of God, don't have the overconfidence that leads to conceit. You don't go to heaven because you are certain. You have to be humble and meek in order to go to heaven. Even though you have received salvation, you have to think like as if you have not arrived in your salvation. That is why you have to work out your salvation with much fear and trembling every day.

When I go to hell, I encounter shocking moments. There is so many hell where pastors are going. There are countless pastors who are in that hell. There are a lot of famous seminary professors there; there are a lot of pastors that you might know. There, there are pastors who have played with the gift of God. The place where the pastor's wife go is soo big, you cannot even imagine. The hell where the leaders of the church go, is soo big, it is so full of it. After seeing that, I tell people don't desire to become pastors. Because pastors are responsible for their souls and also for other people's souls. I am asking those who desire to be servants of God, as possible remain the members of the church and work hard to do the work of God. There are

*many members of my church who have graduated from the seminary, but are now working hard as regular members of church serving the Lord. Members of my church have greater faith than regular church pastors, that's how I fostered them. No matter where they are sent, they can cast out demons."*

### **COLORADO HOLY FIRE REVIVAL #3**

**March 29-April 1, 2012 @ Blazing Holy Fire Church**

A special holy fire revival in the presence of Father God, Son and Holy Spirit. Revival started 7pm until morning for 4 nights! Revival was characterized by great deliverances. Demons were exposed and once revealed, they would be cast out in Jesus' Holy name. There were greater healings, miracles, signs and wonders and... oh, God ravished His love upon us and granted us numerous spiritual gifts above and beyond all that we can ask for or imagine! To this day, testimonies via email and phone calls keep coming: *'we were greatly impacted... challenged to raise the bar'; 'our lives were forever transformed'; 'we learned how to truly pray'; 'we were left with a greater hunger to seek God'; etc...*

#### **Day 1: MIRACLES STARTED happening as people stepped in through the door.**

**Testimony of Steven:** Brother Steven is a new member of Blazing Holy Fire Church. If it were not Jesus who brought him to this revival, by now Steven would have been a dead man! Praise the name of Jesus! About 2 weeks before the revival, Steven did not eat but lay on the couch, screaming - He had completely lost his mind and became insane. During those two weeks, he does not remember anything at all except that he drank himself to death. For those two weeks, he could not bathe nor move from the couch. The devil worked through someone to supply him with liquors and all sorts of alcoholic drinks. The enemy took over his life and all his friends fled him. God walking through a member of the church and saints who had come to the revival, Steven was found and was brought to the meetings. As soon as we cried 'Holy Fire' and started praying powerfully at the beginning of the revival, demons in Steven manifested. Many demons were then cast out already on the first day of the revival. Steven was taken to hell and was imprisoned in a dark cave by demons who also tortured him on basis of being there while he was a child of God. There, he called upon the name of the Lord and God delivered him from the hands of satan. Jesus instantly set him free from addiction, to this day he does not show any withdrawal symptoms of alcohol. Each night, pastor Kim and his team prayed for him and casted out more demons. During the revival also, Steven was taken to heaven. God granted him beautiful gifts of seeing through and holy dance. Ever since then, Steven has committed His life to the Lord. He is in the church every day, crying out to God until midnight and worshipping the Lord. During the day, he reads over 20 chapters of the word of God. Praise the Lord!

#### **Many are baptized in the Holy Spirit and start speaking in tongues:**

Here is a testimony of a sister who had come forth to be prayed for that night, she was present for the revival for one night only:

*Dear Pastor Christine, Although I could only attend one day of the Holy Fire Revival, I received the gift of tongues when I returned to my hotel, just a few hours before my flight. Unfortunately, I had exams and had to cut it really short. This was my first revival and I thank God for everything. I hope to come back in the fourth revival. ~ Sister Amanda.*

**Healing Through Holy Dance:** Brother Oliver and sister Vanessa came to the

revival from Iowa. On the first day, Vanessa could barely walk. She used a cane to walk and in order to get to the altar of the sanctuary, someone had to push her on a wheelchair. As Mrs. Kim imparted holy fire dance on her, she was encouraged to stand up and walk. This she did, at first she was hesitant, and it looked like it was very difficult even to make one step. As the fire dance continued to be imparted into her, she continued to walk and exercising. She walked about the sanctuary many times, her body unlocked and by the end of the revival, sister Vanessa was not only walking but she also danced! Here is a testimony sent by her husband Oliver

**PRAISE THE LORD, ALWAYS AND FOREVER!!!**

**Jesus healed my Eye after 8 years of pain and struggle!**

**November 3, 2011**

I've had a problem with my left eye for quit some time, around eight years. The tear-duct wasn't working properly. It wasn't tell recent I was having a hard time seeing out of it, I've kept something to wipe it constantly from feeling up my eye, it was becoming extremely painful just in the past weeks. One night while I was battling in warfare at our church, Blazing Fire Church, my left eye went blind, At first I panicked then after I calmed down I asked Pastor Christine to pray for my eye to get well, we asked Jesus to heal it, soon after, the Lord instructed me to put a hot wash cloth on my eye, I did, continually for two more days, Jesus heard Pastors prayer over me, my eye is completely healed after eight long years . . .Thank you most blessed Savior.

Now, out of habit I go to wipe it, forgetting Jesus healed my eye, He is so awesome!

Please pray NOW for me to stop my habit of reaching up to wipe it. Wahooo! :) Jesus is my healer!

Brother Johnathan Revere

**Family baptized by Holy Spirit and Fire, received incredible healings and many blessings and Holy Spirit gifts ever since coming to BHF Church Summer 2011**

*Bob, Mary & Nikki are new members of Blazing Holy Fire Church. On Rosh Hashana 2011 Bob received the gift of speaking in tongues, Mary his wife received the baptism of fire, lots of healing and many gifts from the Holy Spirit. On Nov 3, 2011 Mary sent this note to us-*

Pastor,

Thank all of you for praying for me. The pain left me and I have no trace of it. I noticed it when I went to bed and took the gauze out of my mouth, that I no longer had pain. Praise God! It was a deep rooted wisdom tooth that was extracted, the dentist had a very difficult time taking it out, he had to take a couple of breaks and come back to try again. So it was very painful, but I wanted to go to prayer since I have missed so many days, I really felt pressed in my spirit, that it was very important for me to get to prayer. Had I not gone to prayer, I would not be healed today, I would still be in much pain. Bobby, kept insisting we get the medication, I knew he meant well, but in my spirit I kept telling the Lord that I received the prayer and I am healed so I won't need those pills. So Bobby picked them up and praise God, I didn't need them. God is so Good, I truly feel He loves me and I am forgiven, but I must keep praying.

**Delivered from homosexuality, abuse etc... November 2011**

*Brother Johnathan is a mighty warrior who moved to BHF church summer of 2011. Brother Johnathan received the gift of fire and Holy Spirit on Rosh Hashana 2011. God has given him great gifts including powerful revelation in His word. Brother Jonathan reads at least 10 chapters a day from the Bible, he prays 3+ hours at the church - God has done incredible work in his life.*

Blessings to you Pastor Kristen, we spoke yesterday over the phone, my name is Johnathan Rea Revere. I was really happy talking to you; its way awesome how God is moving amongst He's church! I've been praying earnestly to join a church full of signs and wonders like yours for a very, very long time; my parents and closest friends would be witnesses to this. My parents are pastors of a church in Colorado Springs at All Peoples Praise Church. I love them dearly; words can't express . . . my step fathers name is, Harmenio Lambirty, my mother's Mary Jane, or Jenny Lambirty.

About me, I came from a broken home growing up, I was taken from my family at the age of four, and I was placed in foster-care, orphanages, boys-homes ect. My father was an alcoholic and a violent man, he bet my mother and us kids, and my mother told me I got most of the beatings trying to protect her. My Grandfather on my father's side committed suicide and it seemed my father feed off of that, so he was very abusive . . .

A story told me was, while my mother was giving me birth at the hospital, my dad brought in another women hanging on his shoulder and because of the trauma my mother saw and felt, I became a breached baby and got entangled in my umbilical-cord. The police had to come in and take my father away do to him trying to kill my mother and I. My grandfather was then told by our doctor that both my mom and I were dyeing and that he had to choose one or the other who was going to live; he

could not have us both. My grandfather, who had lost a daughter already and new that my mother had two other children alive to take care of, sadly said I was to be aborted, so the doctor went to go save my mother. It was in tell then God spoke to my grandfather saying we were both to be saved and for him to pray it out, my grandfather who was a praying man ran to the doctor and told him not to touch ether one of us, and that he was to first pray at their chapel over us . . . The doctor was hesitant but followed grandfathers orders. Grandfather found the chapel and prayed earnestly for both our lives. After he felt a release he got up and that's when the doctor meet him to tell grandfather a miracle had just happened, and that we both were alive and that he had a healthy grandson, which weeping of course followed. But the emotional trauma, the beatings, along with the mental abuse from my father got worse. My mother would run away with us kids from him, only to be found and beaten, tried several times, nothing seemed to work. Many times we'd be in a strange place; (with all three of us kids) my father would take all our money and just leave us there with no way to get back home. It happened in New York and California and Germany where he was stationed. Finely my mother met my now step father, Harmenio Lambirty, (I remember him at the age of four) He fall in love with my mom, though my mother didn't love him at the time, but out of her dreaded fear went with him. They heed us kids in the social services system, my step father took my mother to Puerto Rico for seven years in mind only just to come back in seven years to get us kids and hopefully start a family. I was separated from my older sister Lyann and my younger brother Kirby. After seven years of going through the social services, my mother came back after many years of misery away from us, tried to find us. After a struggle and some time, she found Lyann first then Kirby, but she was told she could not have me back and that I was put up for adoption because of the trauma I went through, I had epileptic seizures. So, that was that! It could not be changed.

Now forty years later, a good and wonderful friend of mine here in Dallas TX named Eve Hamilton hired a guy to help look for my parents, I had my birth-certificate for a long time, but I was told it was best that I didn't get in touch with them, so I left it be. But my dear friend Eve would not leave it at that! So she found this family finder guy and on the second call, we found my mother living in Colorado Springs Colorado along with my six hundred relatives. I had nine uncles . . . so I came from a BIG, BIG family, my grandparents on my mother's side were devoted Christians. My mother asked me over the loud-speaker if I was a believer in Jesus Christ, I said, it's been really hard without them in my life . . . then mother asked me If I still had those epileptic seizures still? I said what epileptic seizures? Mother, Eve and I just wept uncontrollably for the longest time.

American Airlines got wind of my forty year separation from my family and paid my way to fly and see them all, Pastor Kristen, it was awesome! I instantly went from having no family to a gigantic family, I was overwhelmed to say the lest . . . After getting to know my big family for ten years, we had our ups and downs getting requited, I moved back to Dallas to record a music C.D. while here, I gave my life to Jesus in McKinney TX, Jesus interrupted my jacked up, miserable life . . . My best friend Chris Pickard led me in the sinners prayer in a Pub restaurant at nine o'clock at night on the sixteenth of July, 1010. Pastor Kristen, I wanted the change overnight. It's been a struggle, because I was a general in satans army for so long, having a possible music career in California, I had gotten big name producers and musician to play on my project, my first C.D. was around \$250.000 dollars to make, it was called,

To Have An Image, I was bound and on my way to hell . . . But thanks be to Jesus, satan lost me for good and I know he's mad, and I'm enjoying that significantly . . .

In one of the boys homes, I was molested at the age of nine by one of the teenage boys there, this retched spirit grabbed hold of me and I have been in this hidden homosexual lifestyle ever since. All I ever wanted was to be loved, loved by someone and the first love to attach it's self to me was this corrupted homosexual spirit. I was so far gone, I didn't know if it was right or wrong, only that I was looked after and loved for the first time in my life. After the forty years pasted, my mother and dad after finding out the hard way, prayed with all their might on my behalf to be freed of this bondage, my mother blamed herself for all my misery, (I held nothing against her!) and she did . . . she had an incurable disease that eat her bone-marrow, from the inside out, she was on her third level of this disease and had only months to live, then she got my call that my dear friend Eve set up that day from Dallas TX, she was healed instantly after hearing my voice over the phone . . . After giving myself to the Lord in McKinney TX, 07/16/10, the devil has been trying to trip me up ever sense, but I've been fighting violently against him, fighting the good fight of faith . . . sometimes I win, sometimes I loss, but every step I take, I try to witness my testimony, and share my faith with others, even crying at night for God's burden lost souls. Jesus brought me a Muslim who got saved at my work and I'm witnessing now to a family of Gypsy's, they are falling in love deeper with Jesus. Wahooo! =)

I've been going to different churches here, but none of them were deep, I left there lacking, they didn't believe in the Gifts of the Spirit, nor speaking in tongs, nor the Gift of Healing . . . they believe that it all stopped after the last apostle died, they believe also, once saved, always saved. They believe that if they were saved and tasted the good things of God, then walked away from God back into the darkness and stayed there, though they choose to walk away from Jesus, they'd still be saved and on their way to heaven, because they asked Jesus in their heart at one time in their life. I told my dad this, He would say, (get out of that church now, and don't look back! You know too much son to just go to any church that allows the devil to blindly lead them astray). So I've been praying along with my family hardly for a church with Miraculous Signs and Wonders and no compromising the word of God, that's when

I found The Lord's church . . . but was saddened that he was in Korea. I copied all five of he's books off the internet, which they have blown me away, I can't get enough . . . I also made another copy for my dad to have, he's reading it now, (My dad, when he preaches, heaven comes down, so for him to get Pastor Kim teachings, is a very good thing . . . Pastor Kim reminds me of my father so very much, he's a go getter too, and funny as they come! He makes everyone laugh so much!) I just kept believing, longing for Jesus to place me in such a ministry as pastor Kim's . . . that's when I saw that he came to Denver Colorado to your church, I about flipped out of my chair shouting for joy, I got your number and tried calling it but got know answer . . . in tell days later, I got you, Thank you Jesus!

**Aaron's Testimony  
'Delivered from strong**

*Brother Aaron is a mighty warrior who moved to BHF church in March 2011. Aaron was a nice Christian all his life, but inspite of this, he became demon possessed and*

*he traveled from Wisconsin desperate for deliverance. Thousands of demons was cast out of him and today Aaron is totally free serving the Lord. He is a prayer/dancing warrior, greatly gifted in music and has great anointing in evangelizing.*

Hi guys (and gals),  
if any of you know me, that I am honest in other words, what I relate ought to blow your socks off. No really, hold on.

I have a testimony to share, and it goes something like this.

My name is Aaron. I've grown up Christian. I've never wavered, never faded (except a little, but I'll get into this in a bit). Here are some of my "fleshly accomplishments": I've never drank, never smoked (ever), I don't know what the different bases are, am a virgin, have MAYBE sworn a couple of times in my life, have looked at minute amounts of soft core porn, and been addicted to masturbation, but that's about it. Pretty impressive? Not really. A lot of it had to do with the family I grew up in and the church that I went to (though not all of it did).

I'd really (for all my life) thought that my Dad was a nut for various reasons (if any of my family is reading this, finish before you "go off" please). You don't have to believe me, it just is what it was. So anyways, here I am living, living a life that I really hate serving the Lord for all it's worth (a lot actually). Once again, allow me to boast in the flesh a bit. My role model who knew me for pretty much all my life said that I "had EXCELLENT character". Well, that's fine. So I have excellent character, praise God, but what most people didn't know about me was that I had two "besetting" sins.

1. Masturbation

2. Unforgiveness /bitterness /resentment

I don't want to go into any detail about the first (no need), but allow me to talk about the second.

It was almost completely in my head. There was little or no (believe me) indication that this was occurring on the outside. Fine, so life goes on like normal.

I started needing more and more space from my parents for various reasons (which will remain a secret for now), but was getting equally more pushback in response. One night, it came to a climax. I ran away again from my parents in the middle of one of their attempts to try and force me into doing something that I would hate myself and end up hurting them for doing (to me). They didn't know this, but it's really not important (either now or then). This time was different. I had been forced (take my word for it) into a corner and with no escape. My anger turned to rage. I, was, mad.

So I was in my room (trembling) trying to keep my composure as we had a "mop up" before bed, but I was still very much upset. I lay down to go to sleep when I sensed something very very clearly. "Go look up the verse about letting the sun go down on your anger", and so I did. It reads:

Ephesians 4:27 BE ANGRY AND DO NOT SIN; DO NOT LET THE SUN GO DOWN IN YOUR ANGER AND [THUS] GIVE NO OPPORTUNITY TO THE DEVIL

I don't know about you, but I fear the Lord. I read the verse and it said "do not".

That's tough stuff. So the next thing I did was to flip to a (or the) verse where Jesus talks about approaching another that you have something against. It reads:

"IF YOUR BROTHER SINS AGAINST YOU, GO AND TELL HIM HIS FAULT, BETWEEN YOU AND HIM ALONE. IF HE LISTENS TO YOU, YOU HAVE GAINED YOUR BROTHER. BUT IF HE DOES NOT LISTEN, TAKE ONE OR TWO OTHERS ALONG WITH YOU, THAT EVERY CHARGE MAY BE ESTABLISHED BY THE EVIDENCE OF TWO OR THREE WITNESSES. IF HE REFUSES TO LISTEN TO THEM, TELL IT TO THE CHURCH. AND IF HE REFUSES TO LISTEN EVEN TO THE CHURCH, LET HIM BE TO YOU AS A GENTILE AND A TAX COLLECTOR. Matthew 18:15-17

So here's what I was thinking (wrongly I might just add), my dad won't listen to me, therefore, I would have to bring it up with Pastor Frank. Beyond a shadow of a doubt I know that he would take my dad's side (that's not necessarily wrong, just saying), so I was in a jam.

What I didn't realize (didn't admit, was deceived, potato pota-to) was that my Dad since I was under my dad's roof, he was my authority. I was in college, living away from home most of the year, but when I came home (like it or not) I was his "property" (although stewardship sounds better) before God. Make sense?

What did David do when Saul tried to kill him? Did he get bitter? Did he defend himself? I did these two things. I doesn't make sense why I did these things(, or how I could not have), but either way it was wrong. Wrong, wrong, wrong.

So I go back to bed, and again I feel a fearful urg(ing) to repent, and to repent now. To my dad, but I'd done that before. It was fake and temporary, for the next time I perceived he (or my mom) tried to control me, I would defend myself all over again. In stupid desperation, I said, "God, I don't know what to do", and fell asleep.

Not too long later (don't ask me how I know), I sensed something attacking my soul. How do I know? It wasn't my physical body, and yet I was terrified. Utterly afraid and I started screaming at a louder volume than is humanly possible. And the crazy thing is that it got louder. There are no words to describe how much terror and agony I felt in those moments. Time stood still, this was Hell.

I jumped out of bed still screaming - by the way, if you don't believe me, ask Monique H  l  ne Cyr, my sister. She heard me and said I sounded demon possessed. I sounded demon possessed. The scream that I made wasn't human, that's all I'll say about that - and felt slightly better (if you can even say slightly) as I ran out of my room and downstairs. I instinctively knew two things. One that I had to talk to my dad, or I would die (I did, so I'm none the wiser), and two that I had to repent to him in some ways even if I didn't want to.

So I did, I went (still feeling like said terror was on my back, nipping at my heels - whatever you want to say about it - as I ran downstairs to my parents bedroom) in full panic.

This is no joke. Talk with my family, they will tell you the same.

I kinda sorta made up with my dad. To be honest, it felt and reminded me a lot of when the either Israel or Pharaoh sinned against God, and begged for Moses to pray to God to make the plague stop. It sort of did. For the next weeks, I was in full fear. I can't explain it, only that it was like I was being stalked (that's the best that I can do).The terror (to a lesser degree, but still supernaturally HUGE) would return at night on occasion. I did not scream as before. It was just present.

By chance, I started reading a book by Pastor Kim. I won't say too much except that you need to at least get your feet wet in this book. One thing they are able to do is look in the spiritual realm and see demons, angles, God etc. They engage in hand to hand combat with demons.

To be honest, most Christians wouldn't get past the introduction, but (not being cocky) I'm not your average Joe Christian.

He talks about how one of the "weapons" if you well that God gave them to fight who would come to distract them from praying, was to shout out and say "Holy Fire". In the spiritual realm (don't read this if you don't believe me in saying that they can see into the spiritual realm) they are able to see fire shooting out from their bodies and defeat said demons. That's a really simplified version, but it'll do the job for right now.

I started doing this. It started working, until I closed my eyes. Then the demons would attack. How did I know? It felt exactly like the first night I got "assaulted". It was akin to a spiritual (unseen) being was rushing at me as if to run me through; this is the honest to God truth. I'm not joking.

To make a long story short, we'll just say that I began to experience more and more deep spiritual warfare. Just for example, one night (not boasting, just saying it like it is) I was on my knees praying/fighting for 4-5 hours. You'd be amazed how long you can focus when something/someone you can't see is trying to attack you and torture worse than "death" ever can or could.

No one knew I was going through this, and if they did, they couldn't relate. They would usually get angry, and quote some doctrine that says "demons can't possess Christians" or something like that. They would get mad at me because I wasn't standing on the Word of God (not judging, please don't misunderstand, just saying it like it was). Some time moved by and things were getting worse. So bad that at times I couldn't go to sleep until 5am. I was getting desperate. My "friends" (I thought) started to attack me. I will not respond if you want to know if it was you. I've already forgiven you, so "word".

While about 3 books into Pastor Kim's series, I decided to go to his website. There was only one church (that I could tell) that he had been to in the United States from looking at his website ([www.theblazingfire.com](http://www.theblazingfire.com)) which was Blazing Holy Fire Church. Because I had read the books (you won't understand PERIOD unless you read the books PERIOD) I wasn't bothered that the pastor was a woman. She had been through the Rwandan holocaust and caught on red hot fire for Jesus shortly after. To make a long story short, I moved to her church.

Here's where it gets pretty weird.

After being there for about 1 day or so, the core membership perceived that I was in need of deliverance. Before you choke on your chalupa, please note that there were many many signs (beginning with when I moved to BHF church - ask me and I'll let you know what they were) which indicated I was demon possessed (did I say there were many because there were). The average reader may stop and say, you were normal until you went to the church. So it would seem. Just hang on for a minute and you'll see what I mean.

The Deliverance

The first day that I was scheduled to have "deliverance", my body went limp for 2-4 hours (this would continue to happen for the next couple of days) before they would come to pick me up from the motel I was staying in.

Also, my body would move uncontrollably. This is to say that I would not tell it to move, and it would move. Weird.

Anyways, I began to repent of sins that I was doing thereby giving PERMISSION for the demons to reside in my body.

Right now, I would like to transcribe a couple minutes of the first track (on the first disc) to Katie Souza's "The Healing School". "We need to know about demonic kings. Why. Because we're their target! WE are their target. In Ephesians 6, remember it says that Paul is telling us the WE are wrestling with despites, powers and master spirits [I think that she's reading from the Amplified Bible]. Paul tells it to you clearly that we're making war with them. Christians can be afflicted by demonic kings. In Genesis 14, it says that Lot was taken captive by four evil kings. Now the Bible says "Lot was a righteous man". 2 Peter 2 says "Lot was a righteous man who was distressed by the filthy lives of lawless men. For that righteous man lived among them day after day and he was tormented in his righteous soul about the lawless deeds he saw and he heard." Lot was a righteous man, well how can a righteous man be taken captive by demonic kings? That does not make any sense. We have the Holy Spirit in us. We have God, we're righteous people. How can that happen? Well according to scripture it's through sin. Your spirit man is made instantly perfect on your regeneration, but your soul man isn't. So the soul man still has wounds and sin in it and that's what gives the demonic a right to afflict you. Sin gives the enemy a right to come and take us captive. Listen to Lot's capture. The description of his

capture in Genesis 14: the four kings seized all the goods of the kings of Sodom and Gomorrah and all their food and they went away, and they also carried away Abraham's nephew Lot and his possessions since he was living in Sodom. [Thus] sin opens the door for the enemy.

I, to be honest, don't need this to help me understand that it's possible for me to be demon possessed. Just like the blind man knew that he was blind, and then he saw. As soon as I repented (for things such as eating raw meat for health purposes WITH the blood in it without me knowing - Lev 4:27; Lev 9:26) with my mouth, I felt instant relief. Of COURSE, my next job was to throw out my raw meat and stuff (ie to follow through with my confession in contrition). This was one of many things I repented four.

There is no way in this life or the next that anyone could convince me that I wasn't demon possessed. If you do, you are deceived.

Like I said, there were many many (did I mention there were many) signs leading up to the deliverance that led me to believe that I was possessed, but there were even MORE after the deliverance process began.

One such day, I was unable to control my body (less my arms and my mouth a little - sometimes yes, sometimes no) four FOUR HOURS; people said that I looked like I was breakdancing a one point. This took place during one of the services. This was not done on purpose, for real.

The deliverance was a process. It probably took 20-30 hours in all (that's my best guess). Here's what it comes down to. Is eternal life worth it?

Are you willing to lose your life to enter heaven? Do you think that you will waltz into paradise without even a little suffering before it's all said and done. Ooo, your friends disowned you. How sad. I don't mean to sound "morbid", but COUNT THE COST.

There is much much more that I could tell you. I will tell those who want to know privately. That doesn't mean that you have to keep it secret per se. Just please honor my request.

I now pray 4-5 hours every night. Jesus is coming very very soon. Get ready, Jesus is coming, soon... you know the rest.

God bless and take care

I love you all

**Dec, 2010 - Mighty Anointing as We Pray**

Every night as we pray, the fire is so strong! Pastor Christine is always taking her socks off, some members take off sweaters as they pray, though it is snowing here, it is hot when we pray inside the church, we have to dress light.

**Oct, 2010 Revival - Cassie Healed from Depression & Anti-Depressent Pills**

Since attending the Revival service on Saturday with Pastor Kim, I have been healed of using anti-depressants! I'm so happy I can't even tell you what it means to me to not have to take these pills anymore. They never made me sick or feel funny but they seemed to be the only way that I could function normally and not feel overwhelmed by life in general. Without them my prayer life was almost non-existent. It was so hard to pray I just couldn't even bring myself to pray. Even saying blessing over our meals was bla. I was always angry, irritated, annoyed, sad.... There were never any real feelings of joy. This even got to the point where my marriage was falling apart when I went off the pills. I once went almost a whole year being depressed I don't even remember anything from that year other than being in bed all the time, crying & sleeping. Since the service and being filled with a spirit of laughter I came home and have not used them since. I was unsure that not taking them was a good idea because within 2 days I can tell "I am not me" and within 3-4 days I feel like I'm not even in control anymore. It has been 8 days since I have taken anything and I am no longer under the control of these horrible feelings that plagued me. God is so amazing! Everytime I think about this it just makes we want to giggle and my

	crying is no longer sad tears but tears of complete joy. I cannot wait to visit again. I always feel such a great presence of Christ when Im there.
<b>Oct, 2010 - Heather Delivered From Evil Spirit &amp; Received Holy Spirit &amp; Speaking in Tongues</b>	During the Colo. Historical Fire Revival: Heather attended the Saturday service with her sister Cassie. She came forward to be prayed for. While she was laying on the floor, the ministry team started doing a HOLY DANCE on her. Within a short time, demons manifested and were cast out at once. She was filled with the Holy Spirit and started speaking in tongues. She had never been in a charismatic environment; speaking in tongues was new to her. After she got home, she cleaned the house, ridding the house of alcohol (both full and empty bottles) and cleaned out movies that were allowing evil into her home. Before she came to church that day she was feeling broken like her heart was torn in 2 but you can just tell by looking at her there is just something different about her now.
<b>Oct, 2010- Many Receive the Gift of Tongues</b>	During the Colo. Historical Fire Revival, many spoke in tongues: All the people who came to the revival that were not baptized in the HS spoke in tongues except one family. <b>Oct, 2010 - Many Receive Gift of Holy Dance</b>	During the Colo. Historical Fire Revival, almost all the prayer warriors at Blazing Holy Fire received the gift of Holy Dance. We have to report that when we do Holy Dance at church over the people, evil spirits manifest and flee, there are healings that are taking place as we dance. Blazing Holy Fire dance is growing as we do it every night.
<b>Oct, 2010- Some Receive Gift of Impartation</b>	During the Colo. Historical Fire Revival, some received the gift of Impartation: The Lord is using us to impart the gift of holy dance and everything that the Lord's Church team is doing.

<b>Sept 26, 09 - Healed from "7-year-old stomach ulcer &amp; other diseases</b>	"G", whose testimony of salvation is included below, testified last night of the healing power of Jesus Christ. In 2002, she was diagnosed with a severe stomach ulcer and other diseases. For 7 years, her body was in pain, such pain that she could not eat nor sleep well. She depended upon medication to make it through the night and day.

Wherever she went, her bag was full of pills. A month ago when she gave her life to Jesus Christ and we prayed for her healing by a word of knowledge. Later on when she was home, she noticed her body was pain-free! Besides that, she could sleep fine. Having run out of medication for three days, she was amazed that night and day she was pain free! She had never experienced healing before nor did she know the Jesus who heals! Out of habit, she later on went to the pharmacy to get pills and the moment she had them, she was in lots of pain again. Instantly, the voice of the Lord spoke to her to not take medications because Jesus healed her. Though having never been in a charismatic environment before (she'd never seen anyone throwing away medication), she obeyed the Lord by faith and did it. She tested her healing by eating all the food she could not eat before and she enjoyed them. It has been 3 weeks since she has not taken medication, her body is entirely healed and she knows the Lord did it once for all. Her testimony is great and it has been shared to remind you that your healing has been paid in full. "By His stripes, we are healed" Isaiah 53:5

**Sept 26, 09 - Obey my voice and you will be blessed!**

A couple from our congregation was instantly blessed with \$500 when they chose to obey the Lord and be where He wanted them to be (Genesis 22:18)

**Sept 25, 09 - Jesus made a fainting woman stand on her feet**

This happened in the parking lot of KMart, Colorado. As I parked, I saw right in front of me a woman fainting. She fell down and lost consciousness. Two women with her did not know what to do. They tried to make her stand in vain. I ran there and started calling upon the name of Jesus loudly, commanding life to come into her. Within three minutes, the woman was on her feet. She did not speak English but stood up in amazement. I said, "Woman, look to Jesus, she made you stand on your feet." She was shocked and amazed!

**Sept 25, 09 - Finances and spiritual restoration**

We got an amazing testimony from a man who came to our Sunday miracle service. Here is an excerpt from his testimony, "I am so glad to let you know how happy & blessed I am after just one visit & the few times we shared together in Worship. My coming was with a purpose, and, after that strong prayer on my behalf, I felt spiritually restored and I am now experiencing a very big change in my daily life! My living thereafter is described by miracles after miracle. In these two past days, God did something astonishing for me ... It was around 11:30 pm when I took my clothes to the laundry room, after loading the clothes into the machine, I realized that I didn't bring the washing soap. I immediately rushed back to get the soap and the door closed. When I was back I couldn't get in because the key was locked inside attached with my wallet (with more than \$300 and my other important documents in it). I tried to wake up my neighbor and ask for a key - unfortunately the key was taken by his relatives and they were still at work. I decided to stay awake until they came back but I didn't know when they came until it was 6am! I went straight to the laundry room and my wallet was nowhere to be found. After a few minutes, I saw an old man coming in and I tried to explain to him what happened to me hoping that he would do me a favor and give me my wallet back, because he was the only one I could suspect. The man denied for not having seen anything when he brought in his clothes. On one side I had a faith that I will get my wallet back because before I slept, I asked God to watch on my behalf since I couldn't watch it overnight. But on the other side I didn't have any evidence that could prove the man guilty, but faithfully I told him that it is very difficult for a man to agree having seen something containing money! He immediately told me to hold on a second and went back into his house which was not so far from the laundry room and came back with all the amount of money in his hands. He was afraid and he confessed everything, he took me by the hand and showed me where he had thrown the wallet. I was fortunate enough because from the 7th story where I live, he threw the wallet into the swimming pool yet all of my documents were safe because the pool was covered so the wallet couldn't get wet. Glory to God - never he who testifies shall lack what to

tell people because miracles will continue to happen. And none can't say not having something to share as a testimony, for the fact of waking alive while others are kept into graves, others in hospitals is in itself a miracle. To me, there's no bigger miracle than that. And one more thing I wanted to let you know is that I am continuously being blessed and restored by anything that I read on your website, once more God bless you."

**Sept 13, 09 - Man filled with the Holy Spirit and spoke in tongues**

Recently a man walked by our church and asked about our services. We arranged a deliverance session for him during which he was filled with the Holy Spirit and spoke in tongues. We thank God for His plans for Scott.

**Sept 12, 09 - Ty gave his life to Jesus & Hope is Restored**

While having a garage sale, a man came by to buy stuff. He shared about his 2-year-old daughter who needed healing. We shared about Jesus and the miracles He is doing at BHF church. Ty went home. While everyone was taking a nap, he could not help but came back where we were doing the garage sale in order hear more of the good news. We held a Bible study and He gave his life to Jesus Christ. We laid hands on him for his own healing and got to pray for his wife Jenny and their daughter. God moved mightily and changed this entire family!

**Sept. '09 - God responds to a teenager**

Cali responded to God's calling to come to prayer on Wednesdays. She came with her mom and God turned the impossible into the possible. There was a retreat she wanted to go to in Estes Park but two mountains stood in front of her: 1) lack of funds and 2) there was no room left! But nothing shall be impossible with God - He has the key. After the evening prayer on Wednesday, God provided money and made a room available. So she went to the retreat this weekend. Blessed be the name of the Lord!

**Early Sept. '09 - "G" gives her life to the Lord and is baptized!**

Today is a new day for "G." Oh, the wonders of Almighty God, oh the joy of salvation! Generose came for the first time to our service a few weeks ago and from the time she walked in the church she felt the mighty presence of God. Pastor had been praying for her salvation for over 5 years and she had given up, but God did not! Oh, how God is faithful! We held a Bible study during which on her own, she asked to be baptized. She was baptized on Sept 13 and from then on, she's been receiving miracles after miracles. Welcome Generose, you are truly a mighty warrior in the army of God.

**Sep. '09 - Healing of Skin Cancer**

**Aug. '09 - Healing at KLTT Radio**

God's anointing goes wherever we go. Pastor Christine and her friend were having a meeting with the 2 managers at KLTT radio station. They were talking about the healings and the miracles that started taking place during the 40 days of fasting and prayer. God's power came down mightily and at the end of the meeting. Without prayer or laying on of hands, one of the managers was healed of sinus problems she had for weeks. Praise the Lord.

**Aug. '09 - Testimony of encouragement**

**Encouraging Word from a BHF Intercessor to Pastor Christine:** *Blessings, Christine - I just wanted to thank you for all you do and for your OBEDIENCE to the call of God on your life. You are such a blessing. I was telling another church member how thankful I am for this church - God's church - and **how much I've grown in the Lord** since I've been going here - she agreed. God has some big plans for BHF!! I know you will run the race and finish strong. You have the Lord as your spiritual covering, and because you are obedient and submissive to Him, your reward will be*

*GREAT when you stand before Him on that day! So in the midst of different trials and ways that the enemy might try to discourage you, BE ENCOURAGED because God is using you to change lives for the kingdom!*

ON EARTH AS IT IS IN HEAVEN ...</i></b> The fire is getting stronger and stronger here, Where the saints wait on the Lord, Joined by the angels of the Lord... Miracles continue to happen during our soaking time!!! Here is the testimony that came in following our soaking meeting last Thursday Welcome to our Thursday soaking gathering: <b>LOCATION:</b>

**13101 E. Mississippi Ave.  
Aurora, CO 80012  
(9am starting August 21, 08)**

*"It was this Thursday when I attended the soaking time for the second time. I have been having right upper back pain and shoulders pain for about two months. My shoulders would get really tight and experience pain to the point I was thinking to go to the chiropractor for treatment. So this Thursday when we were soaking in the presence of the Lord at the last hour before we finish our soaking time, I knelt down and I was worshiping the lord and thanking Him for His goodness. At that time when I was on my knees, I didn't ask the lord to heal me but one thing I told Him and that*

is "THANK YOU LORD".

*As I was saying this to the Lord quietly, someone came over to me and to my surprise they laid hands first right on my right upper back and asked the lord to heal me completely and then they went ahead and laid hands on my shoulders and again declared healing over my body. Unknown to any prayer warriors there, those are the specific areas that has been giving me trouble. After they finished praying for me I felt something has lifted. All I can say is that I was healed right there and since then I don't have any pain and I am so thankful to the lord for giving me this miracle of healing. After we finished the soaking I told them "I have been healed today, you laid hands specifically in the areas that I had pain and even during soaking I would feel pain but now it is gone". COME TASTE AND SEE THAT THE LORD IS GOOD!!!*

Testimony by Caster

**6-21-08: Healing of an Eye**

During our Saturday night worship, our beloved "L" sat unable to worship as there was an eye ache (left eye). This eye ache had started in the morning while riding the horse and her whole eyeball was in pain, the entire eye had turned red, barely was she able to open it or look straight through this eye. We laid hands on her during worship and prayed a prayer of faith - 'We have seen God healing over and over again, why would we doubt Him?' At the end of prayer, the eye was completely healed. *Giving testimony, she described how she felt the healing taking place during prayer. BELIEVE, GOD HEALS, GOD WILL HEAL YOU - RETURN TO HIM & TRUST HIM WITH ALL YOUR HEART, HE WILL DO IT. Glory to God who heals and gives abundant life!!!* 2 days after this healing, i called to verify the healing and it was so... *HEALING IS CHILDREN'S BREAD!!!*

**6-14-08: Healing of Back**

2 days ago while we were worshiping, my husband was lying on the floor as a day before he had hurt his back severely. For the whole day, he had a hard time standing up, it would take him about 5 minutes to stand up and to be able to walk. That night During our service, I had forgotten about the condition of his back and went to ask him to come up front and do the offering. He stood up and realized the pain was gone and that he was no longer sick! No one laid hands on HIM but the presence of Jehovah Rafa came down and touched Him. *Glory and Honor and Power to you, oh, Most High God!!!*

**6-3-08: Healing of a Heart Problem**

This happened a week after the conference. This dear woman of God was unable to breathe well that she had stepped in the room to leave a note to his family in case she would die. Also, she had made the decision to cancel her trip to another state in the morning. We were near, came, laid hands on her declaring the power of the Lord Jesus to heal and to give life when immediately the dunamis power of God hit her. She was healed on the spot and in the morning made her trip. Today she is safe and sound because she met the Healer. *Glory and Honor and Power belong to our God!!!*

**6-5-08: Swollen Mouth Shrinks Back to Normal Size**

A dear friend and relative had infection in the mouth. In the morning the infection was so bad that he could not go to work. He decided to come over for prayer that morning. We worshiped and praised the Lord, commanded every infirmity to leave his body in the name of Jesus. Within 5 minutes after this prayer, the swelling of the mouth shrunk back, so perfect that he went to work that very morning. *Glory and Honor and Power to you, oh, Most High God!!!*

**9-2007: Instant healing from 2nd degree burn**

My sister burned her hands in early September, a few days after our Holy Fire in the Rockies conference. It was a 2nd degree burn with blisters all over. She was in pain, crying unable to do anything, unable to open up her hands. She lives within a mile and so I rushed there and said a simple prayer, cancelled all the attacks of the

enemy. Within 2 minutes after the prayer, we all watched the power of God coming in and stopping all the pain at first. Then an amazing thing happened, her hands opened up quickly and then in our very eyes, all the blisters disappeared. This miracle has changed the entire family. After this they all stood up and started dancing for the Lord. For the past month, I have seen incredible miracles of healing. God is a good God and He does miracles so great!

**05-18-07: Instant healing without prayer, just by stepping into the presence of God**

In our weekly gathering of - **Holy Warriors** - The presence of God was so so sweet. My friend Alice came in tired and very sick. She came in the right place, the presence of God was already there and I knew He will touch her - for in His presence, we are made whole. We sat down to soak and rest in God's presence planning to pray for her when the meeting starts... but there was no need to pray for that because at the beginning of the meeting we started giving testimonies. The first testimony was of Alice. She had been completely healed within seconds by the Master, Jehovah Rapha!!! Oh, how God is faithful! Come, taste and see that the Lord is good! If you come into His presence, yours is abundant life "In His presence is fullness of joy!" Hallelujah to the Lamb of God, Jesus christ our Lord!
