

Research Support Services

Purchase our expertise to assist with your research needs. Bespoke packages are available from a one off purchase of half a days support to a monthly contracted amount of days per month. Perhaps the most cost effective way to deal with your in-house research needs?

You can use our time for things such as providing general research support and guidance to you or your organisation, attending meetings or giving presentations on your behalf, interpreting your research data or by providing you with survey design guidance to give but a few examples.
