

2016 REFRIGERATOR REBATE FORM

Your Energy Specialist verified your existing refrigerator qualifies for a Refrigerator Replacement Rebate. ENERGY STAR® certified refrigerators are about 10% more energy efficient than the standard refrigerator, saving you up to \$122 per year. Purchase an ENERGY STAR certified refrigerator at any retailer of your choice and submit your application online or via US mail.

CUSTOMER TYPE	REBATE AMOUNT
Renters	\$200
Homeowners	\$150

Save time and apply online at MassSave.com/Rebates.

Or, complete and mail in this rebate form to:

Mass Save Refrigerator Rebate
40 Washington Street, Suite 2000
Westborough, MA 01581

You will need to mail or upload a copy of your sales receipt online for your new ENERGY STAR certified refrigerator. Please review the complete terms and conditions prior to completing your application.

REMOVAL VERIFICATION

By signing below, I verify that the old refrigerator was removed, its electrical cord cut (do not mail), and the refrigerator WILL NOT be re-sold but will be properly disposed of in accordance to all local, state, and federal laws.

I understand that I may purchase my ENERGY STAR® certified refrigerator at any retailer of my choice and that this rebate offer is subject to on-site inspection and verification prior to rebate payment. Please allow 4-6 weeks for payment after receipt and verification of all paperwork and/or site inspections. One rebate per qualifying refrigerator, not to exceed two rebates per electric account. This offer is good for 60 calendar days after issuance of this form. Offer is subject to change without written notice.

Customer Signature: _____ **Date:** _____

TERMS AND CONDITIONS

Rebates: Subject to these Terms and Conditions, Cape Light Compact, Eversource Energy, National Grid, and Unitil, herein known as the "Program Administrators (PAs)," through its contractual Vendor, herein known as the "Rebate Administrator," will pay Early Replacement rebates to eligible Program Administrator customers or designated payees of customers for the installation of a qualified ENERGY STAR® Refrigerator within the respective Program Administrator's service territory.

Customer Eligibility: You must be a residential customer of a participating PA installing equipment between January 1, 2016 and December 31, 2016. Equipment must have been installed in a 1-4 family home with an active residential Program Administrator Electric account. The Rebate Administrator must receive application and required documents listed within 60 calendar days of installation. The service offers a rebate to customers who replace an existing, qualifying inefficient refrigerator with a new, efficient unit that carries the ENERGY STAR® label. Customers must request a Mass Save Home Energy Services Program Site Visit (Site Visit) prior to replacing your appliance and be deemed eligible by the program in order to qualify for this rebate. No rebate is available for replacement of any existing refrigerator that has not been evaluated and approved through a Site Visit. In no event will a rebate exceed the purchase price paid for a new refrigerator. If the refrigerator is eligible for an early replacement rebate, you may purchase the new unit wherever you choose. You are NOT eligible for any other Mass Save rebates for the same refrigerator.

Rebate Application: The Customer is responsible for completing all required information on the Rebate Application. Rebate applications will not be processed if they are not properly filled out.

Applications must include:

- Refrigerator Replacement Rebate Form — completed and signed by the Customer/Owner
- A DATED store receipt, noting the make and model of the refrigerator as well as the purchase date
- Non-owner occupied customers (i.e. Landlords) must provide proof of primary residence in the form of utility bill, cable bill, etc.

The offer to provide a refrigerator replacement rebate will expire 60 calendar days from the date of the energy assessment.

Post-Installation Verification: Prior to offering any rebate, the Program Administrators reserve the right to conduct an on-site verification that the equipment was installed according to the guidelines of the program. It does not include any kind of safety review and should not be relied upon as one. If the Program Administrators determine that the equipment installed does not meet the program specifications as described in the application, the Program Administrators reserve the right to refuse to pay the rebate.

No Warranties: The Program Administrators and Rebate Administrator do not make any representation of any kind regarding the results to be achieved by the equipment or the adequacy of such equipment. The Program Administrators and the Rebate Administrator expressly disclaim any and all warranties or representations of any kind, whether oral, statutory, expressed or implied, including, without limitation, warranties of merchantability, usage, suitability or fitness for a particular purpose. Contact your product manufacturer for details regarding equipment performance and manufacturer warranties. The Program Administrators and the Rebate Administrator do not endorse, guarantee or warrant any particular manufacturer, product, or installation.

Changes in the Rebate Offer: These Terms and Conditions may be changed or terminated by the Program Administrators at any time without notice.

Installation/Delivery: The Program Administrators and the Rebate Administrator are not responsible for any damage that may be caused by or arise out of an installation of any equipment. The Customer must select retailers and delivery companies who carry appropriate insurance coverage and licenses.

Liability: The Program Administrators and the Rebate Administrator are not liable for any Customer damages that may occur as a result of the termination of this program beyond the amount of the rebate.

No Tax Liability: The Program Administrators and the Rebate Administrator are not responsible for any tax liability which may be imposed as a result of receipt of the rebates.
