Thanks for getting in touch [REDACTED]. I've followed up our discussion and am awaiting a response from the leader. I'll let you know in due course. The direct approaches from Cuadrilla to the leader were re-routed to me anyway, so best we make arrangements.

I'll be in touch.

Hi David

Good to meet you on Thursday at Meadowhall.

As discussed my client Cuadrilla is keen to meet with the Council Leader in the near future.

Please could you discuss internally and let me know what the prospect of a meeting is.

My contact details are below if you would like to discuss further. The mobile is best.

One of my colleagues may well have made an approach last week on Cuadrilla's behalf direct to the Leader's office.

I will coordinate any meeting on behalf of Cuadrilla.

Best wishes
