

# ITSPHUN Geometric Wood Lamps

Our wood lamps are made out of shapes based on regular polygons that can be connected in different ways to make a variety of shades.

The pieces are laser cut from 2-ply cherry veneer and they come in three styles.

The prices are for the shade alone. They can be used with IKEA HEMMA or RODD lines of table lamp bases and cords. The pictures show the shades on a RODD table lamp base. Please be safe and use a cold bulb for these wood lamps!

## Bended Slats Series

Square Orthobicupola

Horizontal Slats

10 squares; 8 triangles

\$59

## Bended Slats Series

Square Orthobicupola

Vertical Slats

10 squares; 8 triangles

\$59

## Fractured Spirals Series

### Cuboctahedron

6 squares, 8 triangles

\$25

## Fractured Spirals Series

### Elongated Triangular

### Orthobicupola

6 triangles; 12 squares

\$32

**Fractured Spirals Series**

**Dodecahedron**

12 pentagons

\$47

**Fractured Spirals Series**

**Gyroelongated Square**

**Bicupola**

24 triangles; 10 squares

\$48

**Fractured Spirals Series**

**Hexagonal prism**

6 squares, 2 hexagons

\$21

**Fractured Spirals Series**

**Icosidodecahedron**

20 triangles; 12 pentagons

\$68

**Fractured Spirals Series**

**Snub Cube**

32 triangles; 6 squares

\$49

**Fractured Spirals Series**

**Truncated Octahedron**

6 squares; 8 octagons

\$55

## Fractured Spirals Series

### Square Gyrobicupola

8 triangles; 10 squares

\$31

## Fractured Spirals Series

### Rhombicuboctahedron

8 triangles; 18 squares

\$45

## Fractured Spirals Series

### Diminished Icosahedron

15 triangles; 1 pentagon

\$24

## Spoke Series

### Cuboctahedron

6 squares, 8 triangles

\$32

## Spoke Series

### Stacked Antiprisms

16 triangles; 2 squares

\$30

## Spoke Series

### Modified Cuboctahedron

24 triangles; 2 squares

\$40

## Spoke Series

### Concave Model

32 triangles; 2 squares

\$50
