## Prelicensing Correspondence Courses

### North Carolina Department of Insurance Correspondence Course Information

#### VERY IMPORTANT

The Department of Insurance approves correspondence courses for Pre-licensing education offered through the workbook method or through the internet. Individuals will NOT receive credit or an Examination Admission Ticket for completing an approved correspondence course UNLESS they adhere to the following rules.

Individuals who take a correspondence course (workbook or internet) must:

- Obtain the correspondence materials through a Department of Insurance-approved correspondence school listed in this candidate guide.
- Be assigned to an approved instructor by that school.
- Communicate with their assigned instructor a minimum of two (2) times. The form of communication may be via person-person conferences, via telephone conversations or via email or other forms of validated internet communication.

#### Initial Duties

Providers must comply with the following:

In compliance with N.C.G.S. 58-33-30(d)(2)&(3):

- Twenty (20) hours of instruction is required for each license – Life, Accident & Health and/or Sickness, Property, Casualty and Personal Lines – which shall include the general principles of insurance and any other topics relevant to the license that the Commissioner establishes by administrative rules.
- Ten (10) hours of instruction is required for Medicare Supplement/Long-Term Care insurance and federal and North Carolina law relating to such insurance.

Instructors must:

1. Describe prelicensing requirements.
2. Inform the student that he or she must obtain a candidate guide.
3. Check student course materials to ensure that they are complete and current.
4. Review course content.
5. Explain use of materials and books and the internet.
6. Complete any required forms or applications.
7. Establish a schedule of studies appropriate for the student.
8. Ensure that the student has the necessary information to contact the instructor in order to have questions answered during the course study.

9. Explain course final examination and grading procedures, and ensure that student understands that the instructor will submit the final examination to the publisher for grading.
10. Answer student questions on an ongoing basis.
11. Review workbooks, computer records, etc. (these may vary according to the method of correspondence chosen by the student) with student to ensure that the student has completed all assignments.
12. Conduct a review of the course to identify any course content which may require additional study.
13. Explain processing of final examination and notification by the publisher of results if applicable.
14. Monitor the student while he or she takes the final course examination in an approved testing environment.
15. Complete the student's certification form and ensure that both the instructor's and the student's signatures are executed. The instructor should attach the certification to the final examination answer sheet and mail to the publisher for grading.
16. Collect Examination Admission Ticket from student. The instructor should not alter the form at this time. If the student fails the final course examination, the instructor will be responsible for returning the form unaltered to the student.
17. Explain North Carolina licensing examination procedures to the student.

#### Follow-Up Duties

Instructors should:

1. After receiving written notice of examination results from the correspondence course publisher, notify the student of the results of the final course examination.
2. For passing candidates: prepare and mail Examination Admission Ticket to student. For failing candidates: establish a schedule of studies with the student for reviewing the entire course. The instructor should also make arrangements for the student to retake the course final examination. If the student elects to discontinue course work through the program, the instructor should return the unaltered Examination Admission Ticket.
3. Submit to the program director, within ten (10) business days of receipt of examination results, the student's name and Social Security number, the "school copy" portion of the Examination Admission Ticket, and a copy of the student's passing or failing notice provided by the correspondence course publisher.

**IMPORTANT:** Students meeting the Life and Health, Property and Liability, and Medicare Supplement/LongTerm Care prelicensing education requirements through correspondence courses **MUST** enroll through a Department of Insurance approved Correspondence school.

## Schools Approved to Offer Insurance Prelicensing Education Correspondence Courses
