

ONE WEEK IN SPRING

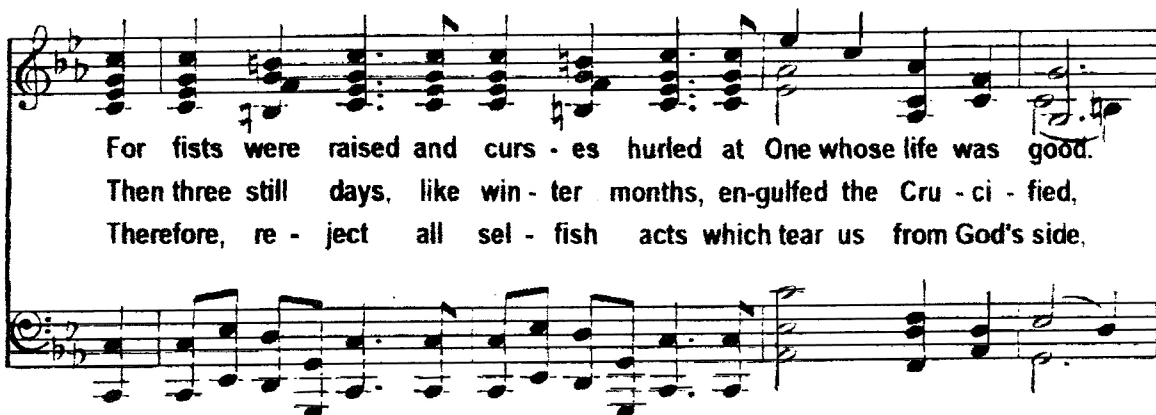

In Unison

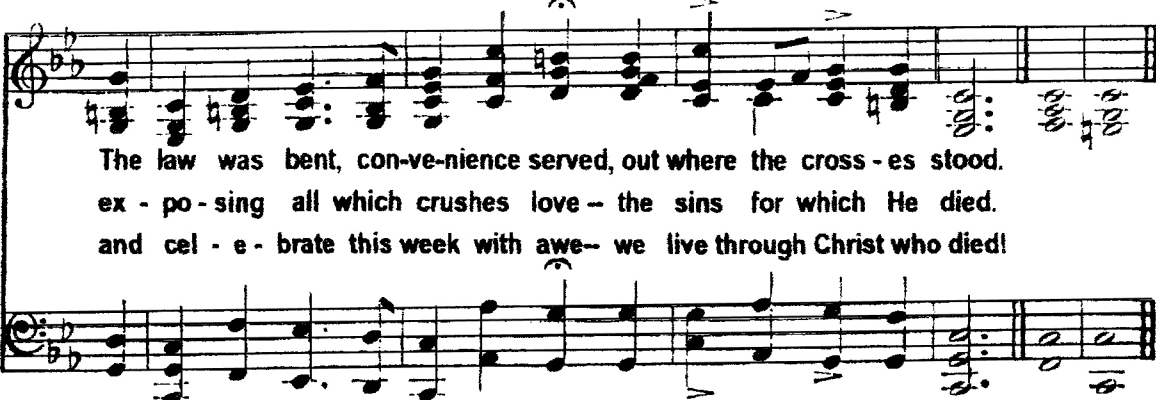

1. One week in spring would save us all from sin - ful, sel - fish ways.
2. Foun-da - tions shook, the rocks were split, and tombs were open - ed wide,
3. But just as spring brings life a - new, God's res - ur - rec - ting might

The palms, the prayer, the bread and wine, and then - the bru - tal days.
for na - ture sim - ply could not look on Je - sus as he died.
raised Christ - and us - by free - ing love - O Grace! O Joy! O Light!

For fists were raised and curs - es hurled at One whose life was good.
Then three still days, like win - ter months, en-gulfed the Cru - ci - fied,
Therefore, re - ject all sel - fish acts which tear us from God's side,

The law was bent, con-ve-nience served, out where the cross - es stood.
ex - po - sing all which crushes love - the sins for which He died.
and cel - e - brate this week with awe-- we live through Christ who died!
