

Jewish Media Calls for Israel to Nuke Germany and Iran

"20-30 nuclear bombs will assure the job gets done" state Jews.

Mordechai Vanunu is a former Israeli nuclear technician who, citing his opposition to weapons of mass destruction revealed the details of Israel's nuclear weapons program to the British press in 1986.

These threats are serious as Vannu the whistler blower stated.

"Vannu also stated that Israel is blackmailing the entire world with literal nuclear annihilation and has amassed a huge nuclear arsenal that can reach across the planet to do just that."

"We possess several hundred atomic warheads and rockets and can launch them at targets in all directions, perhaps even at Rome. Most European capitals are targets for our air force. Let me quote General Moshe Dayan: 'Israel must be like a mad dog, too dangerous to bother.' I consider it all hopeless at this point. We shall have to try to prevent things from coming to that, if at all possible. Our armed forces, however, are not the thirtieth strongest in the world, but rather the second or third. We have the capability to take the world down with us. And I can assure you that that will happen before Israel goes under."

– Martin van Creveld, Israeli professor of military history at the Hebrew University in Jerusalem. In an interview in the Dutch weekly magazine: Elsevier, 2002, no. 17, p. 52-53.

In the opinion article published Tuesday, the author claims that only through nuclear annihilation of Iran and Germany, with 20 or 30 nuclear bombs each, can Israelis prevent the state's destruction.

"If Israel does not walk in the ways of God's Bible," author Chen Ben-Eliyahu wrote in Hebrew, "it will receive a heavy punishment of near complete destruction and doom and only a few will be saved."

One of Israel's missions is to remember the crimes of Amalek, a tribe representative of pure evil in the Bible, whom Jews are commanded to obliterate. Among those descended from the band, the author writes, are Iranian leaders Ayatollah Ali Khamenei, former president Mahmoud Ahmadinejad and current President Hassan Rouhani.
