*2016 Collection*

# Welcome

It's set to be a beautiful 2016.

Established in 1999, our ethos has always been to create quality, inspirational and timeless collections. Designed with close attention to detail, the exquisite craftsmanship of our artisans allows us to create well executed, and uniquely finished pieces; a handcrafted fusion of the past and the present.

2016, sees the introduction of over 300 stunning new creations, from home accessories to furniture, lanterns, lighting and design-led gifts. Natural textures of leather, glass, wood and metallic shades are all making an appearance this year. With beautiful design at the forefront of everything we do, we are delighted to be able to bring you a huge variety of on-trend pieces that allow the customer to add a unique style to their home, garden or business.

Metal has been our passion over the years, with everything from antique silver and gold, to pewter and brass all having their moment. The trend for 2016 is a metallic mix and match and we have exactly that with our new Prohibition ceiling pendants, perfect for creating the right balance of drama, and interest over a dining table or island. Our exceptional lighting ranges have grown from strength to strength, and whilst retaining our focus on producing functional unusual lighting our latest Coniston and Café de Paris collections are layering, mixing and blending different materials, textures and colours that will add instant character and style to their surroundings.

Additional highlights also include our Feather and Huntsman Collections. The exquisite attention to detail of our silver feather adornment will bring a delicate touch to barware. In contrast, majestic silver stag detailing with a tactile wood finish, makes our new Huntsman collection a bold and beautiful statement to any table.

We've extended our bestselling 'Inspired by Wood' home accessories to now include handy cook book stands etched with cheeky messages, quirky table top condiment holders incorporating versatile porcelain dishes, and wine bottle wall racks, all of which will take pride of place in any kitchen.

We hope you enjoy browsing through our catalogue and find plenty of inspiration for the year ahead. If you have any questions, require any further information or would like to place an order, please contact a member of our trade team who will be more than happy to assist you. Alternatively our live dedicated trade website offers an efficient 24/7 way to purchase at your convenience.

We look forward to a beautiful 2016 and delighting you with our new creations.

# Diamond Cut Pendants

---

These Diamond Cut Pendant and Clusters will create a soft and inviting vintage atmosphere.

The Diamond cut bulb will fit any standard E27 ceiling pendent, table lamp or wall light. Simply stunning as a single pendant, or hung in clusters. Dappled light from the LED which neatly nestles inside creates a wondrous effect through the hand cut glass bulb.

Bulb Requirements:  
E27 adaptor with 2W G9 L.E.D bulb included

# Roast & Serving Boards

Whether your slicing up a Sunday roast or presenting the perfect after dinner cheese board we have a board for you.

Wood from FSC certified forests.

# Kitchen

For budding Master Chefs and self-confessed foodies our collection of beech wood kitchen accessories will add a touch of class to the kitchen.

## WARM DUCK SALAD WITH WET WALNUTS & BEETS

Now, I'm going to make things really easy for you here. I have cooked duck legs so they are just served warm to make the duck easier to eat. This I discovered that most French food recipes, some famous, maintain and reproduce their food better than you could. Because they are really surprised to make duck for and so often.

It's not just one of these great recipes of some and how a kitchen, but they do. They are so easy to get along with the duck and the rest. And if you are lucky enough to have some home in the house, warm them, make it for the salad.

For 100g of:

- 4 medium beetroots, and 2 small ones, if available
- 500g of red waxy variety
- 1 whole duck, waxy variety
- 2 whole duck legs
- 1 garlic clove, finely chopped
- 100g rocket leaves
- 200g duck liver, divided into two
- 1 tablespoon mixed dressing – see the recipe for Pan, Corporeals & Chivey Salad, see page 107
- 1 shallot, finely sliced
- 100g shelled wet walnuts

First, cook the beetroots in plenty of water with the red waxy variety and rocket variety. Cook in a gentle boil for 45 minutes or so, depending on their size. You should be able to push a fork through easily when they are done. Strain from the water and allow to cool slightly but not down while they are still warm. Cut the beets into quarters.

Preheat the oven to 200°C/Gas 6. Take the whole duck legs, remove and discard the skin. Place the meat from the legs and place it on a roasting tray. Discard the bones. Add the beetroots and garlic and place in the oven for 10 minutes then 15 minutes – just to heat it through.

For the salad, use leaves of rocket and chivey with 1 large waxy variety. Add the roasted dressing, the finely sliced shallot, wet walnuts and finally the warm duck and beetroots. Turn a few times to mix everything nicely and then serve.
