

Chalk Talk Fall 2016

Welcome new and returning gymnasts!

We here at BC Gymnastics would like to congratulate you on your commitment to your child's physical fitness. We understand that you have choices when it comes to gymnastics instruction and are thankful you've chosen us. We are confident that you won't be disappointed! **As a reminder to parents: please stay in designated observation areas. You may not enter the gym to watch classes. Entering the gym is just like walking onto a soccer field during a game!**

Halloween Closure

Monday evening classes ONLY will be closed for Halloween. (You have received a make-up form for this, please schedule your make-up with our office BEFORE the last week of classes). Our morning Guided Gym Buddies class is held as scheduled. Feel free to dress up with your buddy!

Fall Fundraiser *Held by our non-profit Parent's Association (for the equipment that all of our children enjoy!)* What a convenience for the upcoming holidays! The Gianni's fall fundraiser information will be distributed. If you are absent and do not receive it, you may pick it up from our friendly office staff. Sales run until Oct. 14th when the orders & money are due. Pick up date will be announced.

Registration for the Winter Session

Your child will receive an evaluation sheet on week 9 (the week of November 1st) based on their performance during the session. It will have the suggested level for which to sign up. If your child is continuing in the same class level, day & time please use Drop-in Registration. If any changes need to be made, Pre-Registration is for you. Please see the calendar on the reverse for the exact dates.

NOTICE!

Flu/Illness Prevention

*Please keep your child home if he/she has a fever of 100 degrees or higher.

*We recommend your child be "fever & symptom free" for at least 24 hours (without medicine) before returning to class.

As always, if you like us, tell others; If you don't, tell us!

Cheerfully,

Ashley - Recreational Gymnastics Director
