Why Volunteer with Batavia ASP

"I encourage others to go not just because it's a great religious experience but also just to see the direct impact you can have on others."
-BHS Student, Class of 2016

"Honestly, everything is my favorite part of ASP. I love getting to know everyone who goes on the trip and meeting our staff. Getting close to people is a really cool part of the trip because you get to know them so well so fast. I also love the families we get to work with because they're all amazing and some of the most kind and loving people on the planet. These people change my life and open my eyes every year."
-BHS Student, Class of 2017
