CERTIFIED HIGH-QUALITY PRODUCTS BY...

Bottle-less Water Drinking Systems

At a low monthly lease!

The best value where a modern, efficient and high capacity cooler is desired, while providing hot/cold, safe, clean and healthy water.

Free of airborne contamination and BPA materials while preventing dust, mold, dirt and other harmful contaminants from getting into your water.

Directly plumbed into the water line so you don't have to replace heavy bottles and never run out of water.

Conditioning the water in sterilized sealed systems and stored in stainless steel tanks.

Take it to go in a completely safe glass bottle!

Free of BPA/BPS/PVC, and also dishwasher/microwave safe.

Straw Cap

Water Purification Systems

Our drinking and cooking water systems are designed to produce pure, crystal clear, clean and great-tasting water.

The 3- to 5-stage Advanced Reverse Osmosis Technology is packaged in a low-profile, sleek and durable design that fits easily under any kitchen sink.

Durable high-quality fittings, valves and construction ensure years of reliable, leak-free performance.

Micromax 7000™

With naturally added essential minerals, the **AO Plus Water System** gives your body the ability to maintain a healthier status by eliminating antioxidants while helping in obtaining a balanced pH diet.

AO Plus

Purified Solutions

Water Conditioning Systems

The intelligent solution to supplying high quality water in a cost efficient manner.

Guaranteed by a limited lifetime warranty.

Patented MicroSilver Bacteriostasis™ Technology which inhibits bacteria growth within the filter media bed.
