

12 REASONS WHY IT IS IMPORTANT TO ATTEND THE LAKE MISSOULA CREATION CONFERENCE IN MISSOULA, MT APRIL 6-9, 2017 AT UM UNIVERSITY CENTER BALLROOM, 3RD FLOOR AND BECOME MORE AWARE OF WHAT SCIENCE HAS TO DO WITH THE GOSPEL.

1. **Biblical Authority** - It is about truth and biblical authority. It is not a salvation issue, but an authority issue, and not allowing our foundation in Genesis to be discredited by man. Rev 22:18-19
2. **Evidence** – Churches are increasingly willing to compromise on man’s word when it is not necessary. God’s word stands and the scientific evidence today supports what the bible says cover to cover. It is a great time to be a Christian. Science has not disproven the bible. 1 Peter 3:15
3. **Children** – Our kids today need leaders that give them truth, support and wisdom about why they can trust the bible and it is all true, so when they hear the fallible man’s words, opinions, and theories today they can discern truth. Research shows kids that attended Sunday school regularly were more often the ones who doubted the bible. Two-thirds of our kids will leave the church because they question the bible. 2 Tim 3: 16
4. **Atheism** – Public schools, media and even some churches and christian schools and colleges are teaching atheism by teaching naturalism as scientific fact. Evolution, natural selection, millions of years and theories such as these are being taught as the truth today and they eliminate God.
5. **Age of the Earth** – The question of age of the earth is one of the biggest reasons kids begin to doubt the bible and their faith, and it is the great attack on the authority of the word today. Gen 3:1, 2 Cor 11:3
6. **Hope** – You will be able to explain why there is death and suffering in the world and give people hope. Rom 5:12, 1 Cor 15:22
7. **Compromise** – You will understand why if we compromise on millions of years and age of the earth and evolution and then say we believe in the gospel, Jesus rose from the dead, was born of a virgin, and the rest of the new testament we undermine God’s word.
8. **Global Flood** – The evidence for a global flood and God’s word is conclusive and foundational to our faith and the gospel. Ma 24:37-39, Jo 5:46-47, Luke 17: 26-27
9. **Where Scientific Proof Lacking** – There is no infallible scientific proof that the earth is millions of years old, or the universe is billions of years old due to unprovable assumptions, so we should give precedence over God’s authoritative word. Jo 3:12
10. **No room for Millions of Years** - There is no compromise with age of the earth and evidence and the word shows millions of years never happened, and there is overwhelming evidence supporting a young earths’ age according to Genesis.
11. **Adam and Eve** – WE can believe the evidence and God’s word that Adam and Eve were real and are foundational to the gospel. Gen 2: 4, 22
12. **Genesis Chapters 1-11** – You will understand how this is the foundation for our faith and the gospel and it is under attack by the world and Satan to destroy our faith and Gods’ word. Gen 3:1
