

# SUBARU WRX

## Equipment Spec Sheet: Subaru WRX

Our Subaru WRX rear wheel race car with all wheel drive, four corner air suspension, and over 400hp. Our super high-speed car is fast and nimble for those car chases where you need something more.

It runs with our 'Shockgun' shock mount and Lev head. Room for Camera Operator, Focus Puller and Director, and of course full monitors, comms, and battery support on board.

### FEATURES AND SPECIFICATIONS:

- Gyro stabilized filming at 200 kph or 125 mph
- 420 hp
- Air suspension
- Monitors, Comms, Battery support on board.
- Shock mount and 3-axis gyro stabilized Lev head
- Shock mount changes from front to back of car in 20 minutes.
- Did I say fast?
