

"I can honestly say Ceiling Solutions' team was incredibly efficient and some of the best guys I ever worked with. They were neat, clean and hardworking. Ceiling Solutions provides a great service, they were professional and our office looks terrific. I would recommend them to anybody."

Ed Fay
VICE PRESIDENT OF EDITORIAL ADMINISTRATION
THE NEW YORK DAILY NEWS

"I love dealing with Ceiling Solutions. They are reliable, prompt, easy to work with and I've never had a problem. I recommend them to everyone."

Craig Rosen
FACILITY MANAGER
VEDDER PRICE

"They have done numerous projects for us from Bio Labs to offices and all have come out terrific. They do great work, always pleasing. They protect everything meticulously and then transform the area, it's like night and day, I can't speak highly enough."

Peter Woods
FACILITY MANAGER
NEW YORK UNIVERSITY

"They are an approved vendor and we have used them for years. We can always count on them to have the work done at night and the branch opened promptly the next morning with no interruption to our staff or customers."

Phil Simonelli
FACILITY MANAGER
BANK OF NEW YORK

"Ceiling Solutions can save you 80% of the cost of replacement by restoring and recycling your existing ceilings. Transform old, dirty acoustic ceilings to "Like New" condition... OVERNIGHT!"

Jeff Kleinberg
MILO KLEINBERG ASSOCIATES
ARCHITECT

"Everything Ceiling Solutions said they would do they did. In fact they did it better. To accommodate us, they worked the week between Christmas and New Year's Day. They said the job would be done in six days and it was completed in five. There was no mess, the application was done professionally, and because they work after hours, I never knew they were here. Now our topflight facility has a ceiling that looks better than new and our business wasn't hindered in anyway."

Doug Giordano
PIER 60
GENERAL MANAGER

More than 18 Million Square Feet of Ceiling Space Coated.

High Quality Ceiling Restoration, with No Mess, at a Fraction of Replacement Costs

Ceiling Solutions has more than 17 years experience providing top businesses in the tri-state area with the optimal alternative to expensive acoustic ceiling replacement. While our customers are thrilled to have saved millions of dollars by using our services, they are often more excited by the amount of time saved. Ceiling Solutions coats discolored, drab, stained and dirty ceilings in hours, not weeks, so renovation projects are completed on time, all the time.

It's Not Paint!

Ceiling Solutions' Acoustic Coating is a bright white, non-bridging and non-toxic coating. This unique coating actually improves acoustic values, provides an improved fire rating and supports Leadership in Energy & Environmental Design (LEED)[™] objectives. The coating is water-based and its consistency allows for complete and even coverage. Your ceiling

tiles, grids and diffusers will look better than new.

A Bright Ceiling by Morning, Guaranteed

Our team arrives as your team leaves for the night, so there is no disruption to your business. Upon arrival our trained professionals immediately "tape and drape" the entire room so only the ceiling, not your furniture, walls or carpeting, gets coated.

Once the coating process is completed the room is meticulously cleaned. By morning, the only evidence that we were there will be a bright new ceiling.

Consistently Specified by Architects, Facility Managers and General Contractors

As the leading provider of ceiling restoration services in the tri-state area, we are consistently "spiced" by architects, facility managers and contractors. If you are not familiar with our work, please contact us for references. We also provide no obligation consultations and estimates.

A New Ceiling in 8 Hours! Ceiling Solutions Makes It Happen in Three Steps.

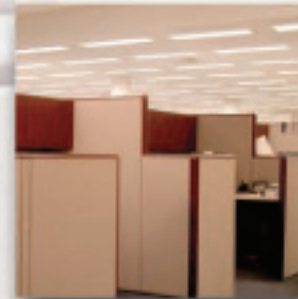

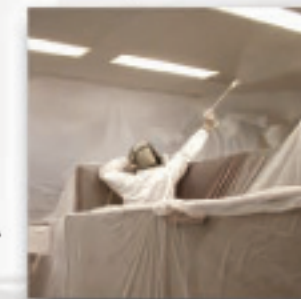

1. Tape, Drape & Prep.

The Ceiling Solutions team moves quickly to mask lighting fixtures and sprinkler heads. Walls, floors and furniture are covered in plastic sheeting and grid diffusers and tiles are brushed and pre-cleaned as necessary.

2. Coating Application.

With the room thoroughly sealed our coating is applied evenly throughout the room. Our fast-drying coating will cover tiles, grids, returns and diffusers.

3. Complete Clean-up.

The Ceiling Solutions team will dust and vacuum leaving the area clean, neat and ready for your employees or customers the next morning.

Cost Comparison

(Based on a standard 10,000 sq. ft. job)

	Ceiling Solutions Restoration	Ceiling Replacement
Materials	Included	\$20,000
Labor	\$12,000	\$40,000
Tax	\$900	\$4,950
White Glove Cleanup	Included	Extra (If Available)
On Time Completion Guaranteed	Included	N/A
Total Cost	\$12,990	\$64,950
Total Savings	\$51,960
