*Reflections by Bob Schrimpf*

It can be very comforting being in a church and a part of something bigger than ourselves. Although, many of us probably take our Church for granted. We forget that it was founded on the blood of Martyrs. Even today - nearly 100,000 people every year for the past 10 years give their lives for the faith. Today, we probably walk into St Charles just like any other day. We are safe, secure and unaware of the trials Jesus foretold would come our way.

I don't remember what I was doing on Sept 10th, 2001, but I do remember what I was doing Sept 11th. Sept 10 my world was going along just fine. Not a hint of what was about to befall our nation. The kids were small and active in school, we had settled nicely into a new home and we even had a Cabo trip planned with our best friends that week. Life moved along normal with a sense of safety and security. 9/11/2001 changed all of that.

Jesus was trying to shake up his followers in Today's Gospel who also had this same sense of security. They were admiring how grand and splendid the temple looked with its marble and gold walls towering 15 stories. Recently restored to its grandeur and beauty it was a source of grandeur and pride for the Jews and it had no equal in all of Rome. Surely God was with them and blessing them now that they had this magnificent palace of worship. Jesus was warning them that their 9/11 was coming. The destruction of this magnificent temple was at hand.

The temple's cornerstone would weigh over 80 tons. Tens of thousands of interlocking stones, some taking over 200 man-hours to cut, made up the temple and its surrounding courtyards. Could all this actually be destroyed? Not possible in the minds of those entering the temple that day. Jesus' followers must have scoffed at his remark. However, in 70AD the Romans completed the conquest of Israel and literally dismantled the temple. This was done to crush the very spirit of every Jew. Outside of the Western "Wailing" wall not one stone was left upon another. Complete and utter destruction was wrecked on Israel for their rebellion. So utter was the destruction that the Jews dispersed and it took nearly 2,000 years for them to return. To this day the temple still has not been restored.

Today's warning - Your faith will be shaken. Tested is another good word. You will have your 9/11 in life if you truly follow The Way. Jesus had the cross and told us if we followed we had to take up ours. Know that now is the time to be a witness for your faith. Don't become complacent. God is enough. He is in charge. He will save us, guide us, and give us words to speak even if our world falls apart. No more powerful of a witness is there than a man who refuses to give up his faith when all else around him has failed.

"A Communist officer told a Christian he was beating, 'I am almighty, as you suppose your God can be. I can kill you.' The Christian answered, 'The power is all on my side. I can love you while you torture me to death.'

# Dynamic Catholic

Be Bold. Be Catholic.®

Saint Charles has agreed to partner with Dynamic Catholic to create Dynamic Parish. You may be wondering what we are going to try to do over the next five years in our partnership with Dynamic Catholic? Here are three ways that we will work toward becoming a more Dynamic Parish

1. Grow in faith by deepening our commitment to the four-life changing habits. (Prayer, Study, Generosity, Evangelization)
2. Inspire us all to do our part in helping our parish.
3. Encourage us all to reach out to those who are less engaged.

## Dreams Are Powerful

Dreaming is one of the most wonderful gifts God has given us. We are able to look into the future and imagine something bigger than today, and then come back to the present and work to make that bigger future a reality.

Collaborating with God on a bold vision for the future and then doing what we can to make that dream a reality has the ability to animate the human spirit in a way that nothing else can.
