## **Coach David & Lindsey Yordy**

I'm Coach, or Coach Dave. Back in the day, I was an All State basketball player in Massachusetts. Over the past 20+ years I have coached basketball, soccer, volleyball, and baseball at the high school level as well as other sports at the elementary level. I began coaching with the purpose of investing in the lives of young people, to help them build character, as well as teaching the skills necessary to succeed in each sport. I've had the pleasure of coaching two State Basketball Champions and 2 National Homeschool Championship teams, but my greatest reward is seeing athletes grow in character! Coach Lindsey is a physical education teacher and coach. She currently teaches in the Haysville district where she coaches M.S. volleyball and H.S. track. Over the last 20 years Lindsey has coached volleyball, basketball and track with her athletes winning numerous awards!
